The Editor's column

by TOM HART, Guest Editor

We are wondering how the editor is going to act when he gets back on the job. Had a letter from him the other day, dated September 25 and sent air mail, but it didn't reach us until after the middle of October.

The boss says he is rocked to sleep every night by the roll of the ship and sleeps soundly for eight or ten hours. He says he doesn't know how he's ever going to get up at 5:30 in the morning or stay up until 11 o'clock at night at some board meeting.

He is keeping in shape by trying to fool the 2,000 members of the crew into thinking he is younger than he is by running up and down ladders.

The editor says some of the newsmen are getting a little tired of the length of the trip with not enough jaunts to keep them interested. The ship is being operated as if war were on and with 78 planes and jets shooting on and off the flight deck every day, there is plenty of noise and commotion.

WE HEARD a Palatine Lion say the other day he hadn't been to a Lions meeting in a long time where the boys really cut loose and roared and sang like the Lions of old used to do. Maybe the reason they don't sing anymore is because they can't get at their song books.

Two years ago they bought a cabinet to keep them under lock and key so they could find them when they wanted them, and someone promptly lost the key.

DESPITE ALL the things we have heard about speed signs and warning signs we fail to see any improvement in traffic conditions along Chicago ave. and from reports we get, there has been no improvement along Plum Grove ave. The only way traffic will be slowed down is to have some real action, not a lot of windy warning signs.

LAS VEGAS has always had the reputation of being one of the wide open gambling spots of the country, but evidently the boys with the loose money who are willing to risk a fortune on the turn of a wheel, the flop of dice or the draw of a card aren't very strong for risking it on a horse race.

Promoters recently built a $4,000,000 racing plant out there and announced a 67 day meeting, but folded up in a few days from lack of attendance and mutuel play.

Evidently the boys out in the roaring West prefer the wheels, stud poker and the dice tables to taking a chance on what a horse is going to do at any given time.

ONE EVENING recently at a Lions club meeting Dr. C. A. Starck mentioned the great growth Palatine had made since the days of long ago and district governor Day of the Lions said, "Doctor, in all that time you must have had considerable to do with helping to deliver the increase in population. How many babies have you ushered into the world?"

The doctor answered, "4,200." That's a young city in itself.

We were sitting on the veranda one recent warm October night, with the brilliant hunter's moon making everything almost as light as day. Off in the distance could be heard the barking of dogs and the whole setting reminded us of other such October nights under the hunter's moon way down on the Alabama gulf coast.

We'd be enjoying just such a night when the telephone would ring and a planter friend of ours from nine miles away would be at the other end of the line.

"Great night for a coon hunt," would be his greeting. "Can't you get a couple of the boys from down there, Joe, and I'll be down with our dogs. Meet you at Willie's shack by the bay at 8:30. We ought to get some coons on a night like this."

And the coon hunt would be on. We would round up a couple of fellows and meet the others at the shack. Once started we would spend nearly three hours tramping through the thick woods, following the baying dogs through the moonlight, sometimes falling over a log covered with swamp growth and sometimes rousing some sleeping reptile, which would take a vicious whack at the kneehigh leather boots everyone wore.

After a few hours of this and the treeing and bagging of three or four coons, the group would again gather at Willie's cabin where the master of all trades would have a big kettle of "mulligan" stew ready for the hungry hunters.

PALATINE village treasurer, Margaret Godknecht, has come up with information as to where the much talked about Farmers Almanac can be obtained. She has been purchasing one for several years at the newsstand at the North Western depot in Chicago, so when it gets to be almanac time in a couple of months, that's where one of those much discussed, long range forecasters, can be obtained.

It's been a dry summer and a drier fall, but we haven't heard that the little guy who was to crawl through Palatine's sewers looking for seepage spots has done any crawling yet. Maybe now the excuse will be that it's too dry and there isn't any moisture in the ground to seep into the sewers.

BY NEXT week the editor should be back on the job, so look out for jet planes, rolling ships, and tales of the briny deep which will come shooting out of this column

Reinhold Krueger, 57, of Rt. 3, Bensenville, was killed in this auto when it hit a bridge abutment on Busse rd., a block south of Algonquin rd. in Elk Grove township Sunday. It is not known how the accident happened as he was alone in the car at the time and there were apparently no witnesses. —Staff Photo.

YOUTH PARTY, WINDOW PAINTING ON HALLOWEEN

Arlington Pool Gets Class A Rating from State Health Dept.

The Arlington Heights Park district is pleased to announce that it received a Class A rating from the State Health department on the operation of the swimming pool.

The award is based on pool facilities, which include diving equipment, depth, inlets, outlets, walks; dressing rooms, which include showers, floors, cleanliness; water treatment—such as water supply, chemical application, disinfection; operation — including bathers inspection, clarity of water, condition of lavatories, condition of pool areas.

There is only one higher rating, that of AA, which the Arlington pool is unable to get because its filter system is not of the modern type.

Jim Bestman's Combo Part Of YC Entertainment

Music, provided by Jim Bestman's Combo from Maine township high school, will highlight this year's youth center Halloween party, to be held Saturday in the Arlington Heights field house, from 8 to 11:30 p. m.

Roger Thomas, youth center president, announced the party will be run in much the same way as it has been in the past. Fake paper money will be issued at the door and there will be the various booth games to be played with the money. Several parents will be on hand to run the booths.

In order to gain entrance to the party and to receive the money, the student must show his membership card.

* * *

PLANNING FOR this year's party was done by the youth center officers, Mr. and Mrs. Robert Spinks, adult advisors, and Robert Campbell.

The YC officers for the 1953-54 season are Thomas, president; Denny Maher, vice-president; Myra Landmeier, secretary; and Sana Franke, treasurer.

Last year approximately 700 people attended the party while this year, with increased high school attendance, the turnout is expected to exceed that total.

Grade School Pupils To Paint Store Windows

The annual Halloween window painting contest will be held Saturday, between the hours of 9 a. m. and 12 noon. This contest is sponsored by the Arlington Heights Chamber of Commerce, which makes arrangements for the windows, furnishes the paint and awards numerous prizes. There will be approximately 430 boys and girls of the 6th, 7th and 8th grades of St. Peter school and the Junior high school participating.

The contest is divided into three groups: Class A for 8th graders, Class B for 7th graders and Class C for 6th graders.

* * *

CASH AWARDS of $5 for first prize, $3 for second prize, $2 for third prize and $1 for the next 10 prizes will be awarded in each class. Judging will be done sometime during the afternoon Saturday, and the winning pictures will be designated by appropriate ribbons. Cash prizes will be awarded to the winners sometime during the week after the contest.

The standards for the judging shall be originality, composition, quality of drawing and over-all attractiveness. Adult participation would, of course, disqualify any contestant. All painting will be done from the outside of the windows only, and no large pictures may be placed inside of the window from which the painting may be traced.

The cooperation that merchants of the village have given to this project has been most appreciated by the Chamber of Commerce and the various schools concerned.

Ask $200,000 Damages For Injured Boy

Suit for $200,000 damages has been filed in Superior court following an accident in Wheeling township September 21.

Elmer H. Behrens, of Box 371, RR 2, Hintz rd., Arlington Heights, filed the suit on behalf of his 8 year old son, Leroy. Named as defendants are Antony and Ione P. Nickol of Prospect Heights.

* * *

AS PREPARED by Attorney Louis G. Davidson, the suit charges that the Nickols' auto, driven by Mrs. Nickol, struck Leroy as he waited for his school bus at the northwest corner of Hintz rd. and Jackson st., in Wheeling township. Another school bus, eastbound, was stopped at the intersection to pick up passengers when the accident occurred.

Mrs. Nickol, who was westbound, is accused of speeding, failing to maintain the proper lookout, failing to sound her horn, and failing to stop. One count in the suit seeks $100,000; a second count, charging indifference, asks another $100,000 in damages.

Cancer Society

The Northwest chapter of the American Cancer Society will meet November 2, at 8 p. m. at the Dryden school, S. Dryden Place, Arlington Heights, C. W. Desgrey, general chairman of the chapter announced today.

Chairman Desgrey welcomes all members and workers in the chapter and to attend the meeting. B5

Teachers Escape Serious Injuries When Truck-Auto Collide

Miss Donna Marie Volz and Miss Edith Lindsey, teachers at Arlington Heights high school, escaped serious injury Monday night when Miss Volz' auto collided with a truck at Rt. 12 and Euclid ave.

Miss Volz was driving east on Euclid and she told Cook county highway police she had stopped for the stop sign and then proceeded across. As she pulled out onto Rt. 12 she noticed the truck and stopped to let it pass. The truck veered to the right, apparently trying to avoid the auto, striking it on the left side.

The truck driver, Frank Haack, of 234 Jackson, Madison, told police he noticed the Volz auto stop at the intersection when he was approximately 200 feet away. When it proceeded across he tried to pull around it. The truck went into a skid and landed on its side in the ditch.

Ban Hunting within Village Boundaries

Chief Issues Orders To Arrest Violators

Positively no hunting will be permitted within the village of Arlington Heights in accordance with a new ordinance passed recently by the village board.

The ordinance, submitted by Trustee Richard Bronwell, prohibits hunting or the discharging of firearms within the village limits. The old ordinance permitted hunting within the village under certain circumstances. However, "The town is now too densely populated," says Bronwell, "and it would endanger the lives of residents to permit hunting in the village."

Chief of Police Carl H. Skoog has given specific instructions to men on the police force to arrest all violators.

Vote Tuesday! Wheeling Twp. Adds Precints

Residents are urged to go to the polls Tuesday and vote in the judicial election, at which 29 superior court judges and one circuit court judge will be elected.

This is the first time in 30 years voters have been given an opportunity to vote for the judges they want. Literature pertaining to the candidates has been distributed throughout the area by both the Republican and Democratic organizations to acquaint citizens with those seeking office.

All polling places will be open from 6 a.m. to 5 p.m.

* * *

THREE NEW precincts have been added to Wheeling township, making a total of 23. Precinct 4 has been divided, the new half to be known as precinct 21. Polling place for 21 is at 305 W. Campbell and the new polling place for Precinct 4 is the South school.

Precinct 14 has also been divided, the new half to be known as Precinct 23, with Dryden Place school as the polling place. Precinct 2 has been divided, and the new section will be known as Precinct 22. Polling place for the new precinct will be on the southwest corner of Palatine and Buffalo Grove roads.

Annual Scout Pancake Supper At Methodist Church Tonight

Troop 7 and Post 707 of the Arlington Heights Boy Scouts will hold their annual pancake and sausage supper in the Methodist church tonight, Thursday, with continuous serving from 5 until 7 p. m.

One of the features of the supper will be that one can have all he can eat. The donation will be 85c, and the profits will be used to purchase equipment for the numerous camping trips that the units have.

Questions about the affair can be answered by Leon Grosky, scoutmaster of the troop, by calling CLearbrok 3-7217.

County Police to Arrest Hunters Violating Laws

Residents of Arlington Manor, as well as other subdivisions located out of the village limits, were promised police protection by the Cook county highway police during the coming hunting season.

Anyone who sees an idividual or group of hunters shooting within 450 feet of any building or across a public highway is asked to notify the county police immediately and they will arrest the violators without warrant. They are urged to report these violations in order to protect their own interests, life and property.

Arlington Manor is located south of Central rd. and east of State rd. Last fall a woman living in the subdivision just missed having her eye put out, when a bullet from a hunter's gun grazed her cheek, along side her eye.

The county highway police may be reached by calling VAnderbilt 4-6650. (B5

Christmas Seal Chairman For Arlington Heights

Mrs. John Allen, 116 West Euclid was named Christmas Seal committee chairman for Arlington Heights, and Mrs. G. Rex Volz, also of Arlington Heights, co-chairman during the 1953 campaign for funds in the fight against tuberculosis. Mrs. Allen, who is a member of the Arlington Heights Public Health Committee, served as committee chairman in 1952 also.

The six week fund-raising drive, beginning November 16 through December 25, will be sponsored by the Tuberculosis institute of Chicago and Cook Cunty.

Kiwanis Plan Monte Carlo Night November 7

The annual Monte Carlo night sponsored by the Arlington-Prospect Kiwanis club will be held November 7, at 7:30 p.m., at Sobies, Rts. 83 and 12, just north of Mount Prospect.

Festivities will include games and dancing to a well known band, and will terminate at midnight with a buffet dinner, consisting of either ham or turkey and all the trimmings.

Tickets, at $7.50 per couple are available from any Kiwanis member.

Fined $209 For Driving While Drinking; 3 Hurt In Accident

William J. Webster of 1214 Brown st., Des Plaines, was fined $200, plus $4 court costs and $5 doctor's fee, at Arlington Heights traffic court Monday night, for driving while under the influence of liquor.

He was arrested last week Wednesday after being involved in an accident at Northwest hwy. and State rd., in which three persons were injured. The other car involved was driven by Mrs. Vivian J. Rose, 1300 Mayfair, Arlington Heights.

Mrs. Rose told the police she was traveling south on State rd. and had stopped for the stop light. When it turned green she proceeded across the intersection. Upon reaching the middle of the highway she was hit on the left rear door. The impact turned the car so it was facing east.

* * *

WEBSTER told police he was driving west on Northwest hwy. and did not see the Rose auto. He also stated the lights were green for traffic on the highway.

Injured were Mrs. Rose, who suffered arm and leg abrasions; Lynn Heberling, who was cut on the head, left hand and fingers, and William L. Payne of Des Plaines, who received a sprained left knee.

Lt. Elmer Karstens and police officers Thomas Vidrick, Ira Melbourne and Jack Aldrich covered the accident. Arlington Fender and Body cleared the wreckage.

Other fines levied at traffic court this week totaled $111. Violations included improper passing, going through stop signs and speeding. Numerous bonds were also forfeited due to the violators failing to appear in court.

Police also confiscated an air rifle from two boys found shooting in the 500 block on Derbyshire.

* * *

WALTER GOEBBERT, Algonquin rd., reported to police the railroad gates at the State rd. crossing were not lowered October 21 until the train was at the crossing. He was waiting for the stop light on State rd. when he noticed the gates. He told police that if a car had turned off the highway to cross the tracks it could have been struck by the train. The incident occurred about 11 p.m.

Theft of a silver glazing ball, about 18 inches in diameter was reported by Donald Cox, 607 S. Pine. Ed Easterly of Barrington reported plumbing materials had been stolen from a new home under construction at 519 S. Chestnut. Both of these thefts occurred during the night of October 21.

The Arlington Heights fire department answered several calls the past week, all of which were prairie fires.

Wheeling Man Injured When Struck by Auto

Arthur Hugo of 10th and Strong st., Wheeling, is in St. Francis hospital, Evanston, suffering from a possible skull fracture and spinal injuries, as the result of being struck by an auto while crossing the street Tuesday evening.

The auto, driven by Kenneth Roland Gronert of 2012 E. Euclid, Arlington Heights, struck Hugo on Dundee rd., about 30 feet west of Milwaukee ave. Gronert told Wheeling police he did not see Hugo, who was crossing the street on foot. It was raining at the time.

Three Men Hurt in Crash at Palatine

An accident at Northwest hwy. and Rt. 53, Palatine, Monday evening, injured three persons and badly damaged two cars.

F. L. Mueller, 622 W. Campbell, Arlington Heights, was traveling northwest on the highway, when his auto collided with one driven by Wallace Strauss, 200 N. Bothwell, Palatine, who was traveling north on Rt. 53.

Both Mueller and Strauss were injured, as was Richard Lindeman of 22 N. Emerson, Mount Prospect, a passenger in the Mueller auto. All three were taken to Sherman hospital, Elgin, where it was found the injuries were not serious.

Palatine police officer William C. Tomerlin investigated the accident.

Begin Using New Traffic Tickets Here November 1

Uniform traffic tickets for motor vehicle traffic arrests will be put into effect by the Arlington Heights police department November 1.

This ticket was designed and introduced about 10 years ago by the state of Michigan and has become known as the "fair deal" ticket. The ticket lists violations and the arresting officer merely checks the violations made by the motorist. Each violation has a set fine so each motorist is fined the same amount under similar circumstances.

* * *

IN ADDITION to the listed violations, such as going through a stop sign without stopping, there is a list of items which, if coupled with the violation, make the situation more serious and consequently increase the fine. An example would be if one was arrested for going through a stop sign, condition of the road, time of day, area, and amount of traffic would also be considered, and whether or not the violation caused an accident or near accident. This report would determine the fine.

Judge William Neumann points out that if the person receiving the ticket feels he is guilty it will not be necessary to come to court on minor violations. Instead he can pay the fine to the desk sergeant at the police station within a stated time. Police officers will not be permitted to collect the fine at the scene of the arrest. However, if an individual feels he is not guilty of the charge, he can appear in court to plead his case.

* * *

CHIEF OF police Carl H. Skoog feels this is a big step forward in the uniform handling of arrests. He also plans to send copies of tickets issued to neighboring villages so they will have a record of violators residing in their village.

Trustee Richard Bronwell, chairman of the police committee of the village board, said Arlington Heights is one of the few towns to have adopted this ticket in Illinois. Winnetka and Wilmette use the ticket and Barrington and Mount Prospect are also adopting it at this time. The tickets were also discussed at the state convention of mayors and trustees held in Springfield and it is believed many more towns will follow suit.

FBI Seeks Aid in Capture of Check Passer

Arlington Heights Chamber of Commerce has been warned by the Federal Bureau of Investigation to be on the lookout for an extraordinary check passer, who has victimized small businessmen in many states with fraudulent checks amounting to nearly $16,000.

"Mr. Foster," one of his many aliases, on a typical excursion will enter a store and say he is seeking a nice gift for a member of his family. This approach and his conservative dress and manners creates the impression of a responsible citizen.

After selecting an item, he leaves for a short while to discuss the purchase with his wife, leaving his wallet or other personal effects on the counter to create the impression he is of a trusting nature. When he returns he finds he has insufficient cash to cover the purchase and requests the item he purchased be delivered to a certain address. He then offers a check above the amount of the purchase, and the merchant, now more or less familiar with him, notes the check appears to be a payroll or other check of a well-known corporation. The man also supplies various other types of identification to satisfy the merchant, who then cashes the check. Later, when the check bounces, the poor storekeeper realizes he's been "taken."

"Foster" is described as being about 50 years of age, about 6 feet tall, 170 pounds, sandy brown hair, which is graying and has a bald spot, thin, sunken cheeks, and wears glasses.

The FBI is charging him with interstate transportation of stolen goods. Any information regarding his whereabouts should be sent to the FBI, Room 1900, Bankers Building, 105 W. Adams st., Chicago, RAndolph 6-2150; the Arlington Heights police, CLearbrook 3-2131 or the Arlington Chamber of Commerce, CLearbrook 3-1703.

Woody Herman To Give Jazz Concert Here

The curtain will rise on the most extraordinary jazz extravaganza ever to be presented in this area November 12, at 8:30 p.m., in the new gym of Arlington Heights high school when the Wheeling township Jaycees present the fabulous Billy Eckstine, the dazzling Woody Herman and The Third Herd band, and the astounding Sidney Bechet in a two and one-half hour jazz concert.

Here in one thrilling evening the Jaycees will bring together three of the most versatile and idolized performers in the annals of American jazz. Even those who do not follow closely this phase of distinctive American music are not unfamiliar with such renouned names as Herman, Eckstine, and Bechet, for they have become household words and have elevated the far flung fame of American jazz to a pinnacle of international admiration.

* * *

BILLY ECKSTINE, who has been voted "greatest popular male singer of all time," is one of the current wonders of the show world. Walter Winchell has said, "Billy Eckstine's blues singing rocks like the Bronx Express." The elements are many which cause the legion of Billy's fans to squeal and moan and swoon. There is the robust and romantic voice, tingling with emotion; the Eckstine showmanship; the handsome appearance and suave manner blended with a charming poise; and, lastly, the original vocal stylings—the Eckstine way of creating phrases, bending notes and coming up with a unique finish.

Woody Herman has been making musical history with his bands for many years and is often called, "the youngest oldtimer in the music business." The Third Herd is regarded as the greatest Woody Herman band of all. The musicianship is of the highest order; supple, disciplined, individualistic — a versatile, jumping, thrilling band, great for listening, great for dancing.

Sidney Becnet is known as the "Father of Dixieland" or "The grand old man of the soprano sax."

Tickets for the concert range in price from $3.50 for front section reserved seats, $3 for the remainder of main floor seats, to $2.50 in the balcony. However, tickets will be on sale at all of the area high schools and the $2.50 balcony seats may be purchased by any student for only $2. Tickets will also be on sale at various store locations throughout the area.

"Woodman, Spare That Tree" is the policy of the village board that has preserved many of the fine old maples, elms and oaks along Palatine's residential and business streets. Paving and sidewalks alike yield right of way to venerable trees, some nearly 100 years old.

TRAINING at NPC is a PERSONAL THING...

Classes are small enough to permit a personal teacher-student relationship. Faculty members get to know you quickly—you'll sense that they're interested in you as an individual.

NPC's educational program stresses the development of your entire personality—intellectually, spiritually, socially and physically. The wide range of student activities provide many opportunities for developing talent and character.

You'll like North Park—the school where campus and classroom radiate a friendly, Christian atmosphere.

Fully accredited curricula ...

Liberal Arts, Pre-Commerce, Pre-Medicine, Pre-Engineering, Pre-Law, Pre-Education, Pre-Journalism, Music, Secretarial, Home Economics.

Tuition is reasonable.

Conveniently located campus on Chicago's northwest side permits living at home—cuts expenses.

FOR ADDITIONAL INFORMATION, write or call Office of Admissions (KE 9-8200). Catalog and bulletin will be gladly sent you. Or better yet, visit the campus personally.

PTA To Hold Boot, Skate Exchange Soon

Again the junior members of each Arlington Heights household are going to have the opportunity of starting out the winter with well-fitting skates and good stout boots.

This year the ways and means committee of the PTA will sponsor a skate exchange under the direction of Mrs. Chester Zimmerman, with this year's stock increased to include roller skates as well as ice skates, boots and galoshes.

* * *

THE EXCHANGE will be open from 10 a.m. to 12 noon November 7 at the South school gymnasium where purchasers may try on skates and boots to be sure of a satisfactory fit.

Those mothers who find outgrown skates and boots they wish to include in the sale may have their children take them to their school November 5 or November 6. Each item should be marked with the price desired and the identity of the owner. The exchange will make payment to persons supplying skates and boots between the hours of 12 noon and 2 p.m. November 7 at the gymnasium. The ways and means committee retains a 20% fee on each sale, thereby swelling the PTA treasury with the proceeds from another of its very successful projects.

WORDS and MUSIC

by ERICA FLOYD

A most appreciative and responsive audience apparently enjoyed "Life With Father" last Friday and Saturday evenings. They laughed in all the right places and there was plenty to laugh at in this most delightful of plays.

The part of Father, taken by David Shaugnessy, and that of Mother, played by Kay Hawley, were very cleverly done with just the right touch of quiet humor. The Day children, played by Bob Hawley, Alan Hutchinson, Bobby Hutchinson and Ricky Hawley, were wonderful and very typical children of the 1880's. All party in the play were well done.

Great credit must go not only to director Marion Malcolmson but to the unsung backstage crews. This delightful comedy means hard work by property crews, costume crews, make-up crews, and all the sundry people who go to make a play as successful as this one was.

The Village Theater is to be complimented on the smoothness and humor with which this play was presented. Anyone who missed the performances missed an evening of pure fun.

Halloween Parade

The Northwest Betterment Association of Arlington Heights invites all the children in the neighborhood to a costume parade Halloween night.

The children should bring horns and noise-makers. The parade will form at 7 p. m. at the corners of Brown and Yale sts., and will march to Illinois and Oakton, where they will have a big Halloween bonfire.

School Heads Meet At Maine High School

The West Surburban School Superintendents association met last Wednesday at Maine township high School to discuss school legislation passed by the recent session of the state general assembly.

LeRoy J. Knoeppel, superintendent of Arlington Heights high school is president of the association.

TV NEWS

by Don Hager

Will "I Love Lucy" continue to rule the television roost again this season? That's the burning question in video circles all around the country these days. There are those who love to snipe at the leaders who say that the Lucille Ball - Dezi Arnaz co-starrer can't maintain its dizzy pace for another 39 weeks.

Loyal Lucyites, however, claim the show can go on for years and still be on top of the heap. Meanwhile, televiewers are enjoying bigger and better shows simply because everyone is trying to unseat the leader.

NBC has tossed one of its aces, Dennis Day, into the spot on the network opposite Lucy in an attempt to cut into the ratings. The third biggest network is giving hot competition, too, with such names as Ray Bolger, Danny Thomas, Georgie Jessel in the ABC fold.

Each network has its favorite for top honors in the drive to beat Lucy, and some experts predict that a charmer recruited from movies named Loretta Young might sneak in near the top rung of the popularity ladder. Her new "Letters To Loretta" show is gaining in popularity each week. Your TV set will be at the top of your popularity list when you call us for expert service and repair, at **DON HAGER'S TV & APPLIANCE, 11 West Davis Street, Arlington Heights, Phone CL 3-0700.** Open evenings till 9 four nights a week for your Christmas shopping convenience. Chiropodist Opens Office in Arlington

Dr. Q. M. Reilly D.S.C. (doctor of surgical chiropody) has opened an office at 11 S. State rd., Arlington Heights.

Dr. Reilly is a graduate of the Chicago college of Chiropody and Pedic Surgery, with the class of 1953. He is 28 years old, married and has three children. During World War II he served as a pharmacist mate in the navy, serving primarily in the Pacific theatre.

The Reillys live at 5810 S. Narraganset, Chicago, at present but they contemplate moving to the Arlington area in the near future.

Mothers' Club Dance Proceeds Benefit School

Tickets are now on sale for the benefit dance which will be sponsored by the Mothers' club of St. James Catholic church, Arlington Heights. The dance will be held at the Mount Prospect Country club November 6.

All proceeds will be used to help furnish the two new third grade classrooms at St. James school.

Dick Everett and his orchestra will provide music for the dancers. Members of the dance committee have planned decorations around the fall motif, and all women will receive corsages at the entrance.

Tickets can be purchased from Mesdames John R. Foerster, Daniel Conway, John Kuranz, Paul Taber, Thomas Boland, George Cole, Matthew Cockrell, Augustus Cueball, William Harrah, Frank Cowan, Newton Stablein, John Huskey, Fred Ainslee, George Carr James Murphy, Gerald Zapp, Lester Moltz and Harry Dunderdale. Tickets at $3.50 per couple will also be available at the door.

Plan Hard Times Party

The annual Hard Times party of the Arlington Heights Junior Woman's club will be held this year at Arlington Country club, Dundee rd., November 21 starting at 9 p.m.

Mrs. Harold Busse is chairman of the dance. Music will be provided by Bob Koch and his orchestra.

Tickets, at $2.50 a couple, can be bought from club members or at the door. (AM

About the Barber Shoppers

Troop 7 — Post 70
Pancake Supper

Tonight (Thursday), is the date for which we all are so eagerly waiting. Tonight at the Arlington Heights Methodist church, Troop 7 and Post 707 will hold their combined annual pancake and sausage supper. The affair will employ continuous serving from 5 to 7 p. m. The donation will be only 85c.

Council Explorer Dar

At last the council is coming through with a Explorer Thanksgiving dance. It will be held here in Arlington at the field house November 27. Each Post in the council will be on a committee. The committees are as follows: ushers; decorations; bids, program and tickets; band; refreshments; cleanup and publicity.

The dance will start at 9 p. m. In charge of the affair is Ken Mackay from Park Ridge. Details will be released later.

Leaders Week

The Leaders week end, under the direction of Jordan Minerva and our Schiff-ites, will be held November 7 and 8 at Camp Baden Powell. All leaders are expected to send their Junior Assistant Scout Masters, Senior Patrol Leaders and Patrol Leaders. Address questions to Mr. Minerva at the Scout Office.

OA Fellowship
At Kiwanis

All Order of the Arrow members are invited to attend the Area 7B Fellowship this week end at Camp Kiwanis near Willow Springs. If interested contact John McClaughry at CLearbrook 3-7746.

Advisors Meeting Soon

A meeting of all Explorer advisors and their senior crew leaders will be held at the scout office in Park Ridge November 5.

Starting New Feature
In This Column

Next week a new feature will be seen in this column. It will be the "instruction section." From week to week different skills will be taught. The text will be accompanied by illustrations to help guide our scouts in their study of scoutcraft.

Catholic High Club To Meet

Heights Catholic High club will meet at St. James Catholic school, Arlington Heights, November 2.

After a short business meeting and talk by Rev. Robert Reicher, club moderator, members will have an evening of outdoor fun around a campfire. If the weatherman does not cooperate, the girls will make popcorn balls in the school kitchen and join in community singing and dancing.

Members of St. James parish are reminded to attend the 10 a.m. mass November 1 to receive holy communion together.

The "Harvest Hop" was the first dance held by the Heights Catholic High club. Square dance callers, Don Finfrock and Bing Bengson, led the lads and lassies through such dances as the "Hokey Pokey," the "Bunny Hop" and lively polkas as well as the familiar square dances.

Chocolate and orange cakes, decorated with Halloween characters, and 'cokes" were served from a buffet table set in fall colors with a brown and gold cornucopia laden with fruits as the centerpiece.

The dance was a success through the efforts of Dorinda Duby and Joanne Muran, co-chairmen, Janie Schumacher, who painted an attractive poster, and Bob Rankine, Tom Wagner, Ronny Herff and Rod Pratchen, ticket salesmen.

Favorites for Flavor

By LOIS SEILER

The neighborhood children will forget "tricks or treats" when you serve them airy-light Cranberry Doughnut Puffs this Halloween.

You'll find the young set asking for another of these spicy cinnamon-sugar covered puffs before they go along on their merry way. Better make plenty for grown-ups too!

Cranberry Doughnut Puffs

1 cup fresh cranberries
1 cup water
½ cup sugar
¼ cup shortening
1 teaspoon salt
1 package yeast, compressed or dry
¼ cup water (lukewarm for compressed yeast, warm for dry)
3¼ cups sifted enriched flour (about)
½ teaspoon cinnamon
2 eggs
Fat for frying
Cinnamon sugar

Combine cranberries, 1 cup water and sugar in saucepan. ring to boil, reduce heat and simmer five minutes. Pour into mixing bowl. Add shortening and salt and cool to lukewarm.

While mixture is cooling, soften yeast in ¼ cup water. Add 2 cups flour and cinnamon to cranberry mixture and beat well. Add softened yeast and eggs. Beat well. Add more flour to make a stiff batter. Beat thoroughly.

Cover and let rise until bubbly (about 1 hour). When light, stir down.

Let rest while fat for deep frying is heating to 365 degrees F. Drop batter by spoonful into hot fat and fry until golden brown, turning frequently. Drain on absorbant paper. When slightly cooled, dip into cinnamon sugar.

Makes three dozen 2-inch doughnut puffs.

Junior Women Plan Hard Times Dance

Carrying out a fall tradition, Arlington Heights Junior Woman's club is once again presenting their annual Hard Times dance. This year the festivities will be held at Arlington Country club, former Curtiss Candy Farm, Dundee rd., November 21 starting at 9 p.m.

The public is invited to let down its hair, put on their oldest clothes and be ready for a real hoe-down. Bob Koch and his orchestra, a well-known favorite, will provide music.

Hot dogs and other refreshments can be obtained at the club and at the end of the evening turkies will strut away with new owners just in time for the holiday season.

Tickets sell at $2.50 a couple, and may be purchased in advance from members or obtained at the door the night of the dance. (AM

Change Date of High School Operetta; to Be Given November 14

The date of the public performance of the operetta, "A Waltz Dream," at the Arlington Heights high school has been changed to November 14.

Rehearsals under the direction of June Leick, music instructor, are well under way at this time.

The operetta, by Strauss, is gay and colorful, and is based on the loves and intrigues of modern court life. The action takes place in the royal palace of Maximilian X, King of Sylvania (Phillip Wintergerst). The leads are played by Ginger Cowan, soprano, John Lee, baritone, Ray Feind, baritone, and Hope Seffens, soprano.

The part of Lothar, omitted from last week's announcement, will be played by Robert Peters.

Approximately 200 students will participate in the cast. Students of Paint and Wig will assist Frederick Schmoyer, head of the music department, with staging and lighting.

In the Shadow of + + + The Steeple

by William O. McGill

The final protection of the rights and dignity of humanity is on the bench. Justice is the great leveler of men's prerogatives and prestige qualifications, justice justly administered. There was a judge in Mother Goose, isn't it, who "fined the poor and freed the rich," and it is just as regretable to find one of opposite inclinations.

For some years, Cook county has been offered the opportunity to vote for a coalition slate of judges. The theory behind coalition is that it frees the servants of justice from the corrupting influences of political campaigns and promises of party regularity, and other problems. Like many other noble practices, it may itself be corrupted by failure to maintain vigilance.

* * *

OF LATE, coalition slates for judgeships have saved a lot of time and trouble for the parties concerned, as well as considerable money — but it has not necessarily meant that judges became servants of justice.

In part, we can thank Republican sucesses in 1952 for the suggestion to that party, that they were not fairly treated in the division of the number of posts on the coalition slate. They decided to run a few candidates of their own.

November 3 is the day to elect the thirty judges of the County Circuit and Superior courts. Sixteen of these are running for reelection and are on both slates. The remaining fourteen are contested positions. Some of these, in each column, are highly desirable as judges, me of them are not.

This is a time to split a ballot conscientiously. There are a number of agencies which have made recommendations, most newspapers are recommending a split ballot, the civic federation and the independent voters of Illinois, to name opposite sides of the fence. As I have looked at the various groups of recommendation, there aren't too many differences of opinion. You could safely rely on any one of them.

* * *

BUT YOU should make your word known to party leaders generally, that the place for party labels is not on the bench. Judicial reform is long overdue in Illinois and Cook county; until it comes, indiciduals must declare that we shall try to pick judges carefully.

Before the law, men are equal in their rights and in their duties; each man has a right to be regarded in his inherent dignity as an individual. There are more decisions reversed in appeal courts on the grounds that the lower court failed to recognize the rights of the defendants than for any other reason. The bench is judicial, not pre-judicial.

Announce Cast for Heights Senior Play

The cast for the Arlington Heights high school senior play is not quite complete, but work on the play is going forward, Eugene Howard, faculty director, announced this week.

The play "Goodbye My Fancy," will be presented November 20.

Violet Jeffery, Sheila Gaughen, and Janann Jarrett will play leading roles. Others in the cast will Dick Snider, Barbara Ewert, Bob Molumby, Sherry Rossitor, Ginnie Rechberger, Jo Ann Votava, Alise Boyland, Joyce Nilsson, Judy Peterson, Carolyn Osborn, Doug Morrissey and Arlene Ford.

'College Night' at Arlington High School Set for November 5

More than 70 colleges and universities have indicated they will send representatives to the Arlington Heights high school college night November 5.

Eugene Oliver, counselor in charge of the program, expects several more to accept the invitation before the week is out.

The program is planned to give juniors and seniors in the school and their parents an opportunity to investigate the curriculum, standing, costs, and entrance requirements of the various colleges and universities. Members of previous graduating classes have found these programs a big help in planning their college careers.

Representatives of the schools will be at the high school at 7:30 p.m. and will remain until 9:30 or later.

FFA Places Fifth In Land Use Contest

Arlington Heights high school Future Farmers of America placed fifth among 14 teams in the district land use selection contest, held two weeks ago at the Xavier Smith farm south of Barrington.

Only three boys represented Arlington in the contest, although most teams were composed of five members.

In individual placement, Arthur Schulze placed eighth, and Frank Lueth, eleventh.

Each contestant judged five sites for color of top soil, depth favorable to root growth, texture, permeability, slope and erosion. Each was required to recommend the best use and method of treatment of every site.

Stork Feathers

Parents of their first child are Mr. and Mrs. Norman Bauske, 102 E. Orchard, Arlington Heights. The baby, born October 27 at Swedish Covenent hospital, Chicago, weighing 7 pounds, has been named Brook Webster. Mrs. Bauske was a former teacher at the Dryden Place school.

Students Prepared to Speak for Clubs on National Education Week

Speech classes at Arlington high plan to cooperate with the celebration of National Education Week, November 8 to 14, by providing speakers for local groups who want them.

Larry Jenness, instructor in speech, says that student speakers will be prepared to talk about education for periods ranging from five to 15 minutes. The talks can cover the topic of education from either the national or local angle.

Program chairmen who are interested in having student speakers appear before their groups during the first part of November should contact Jenness either at the high school or at his home.

Posting The Guard

by SGT. BOB SCHAFFER

"I can't enlist in the Guard, I'm going on to college!"

This is a much heard answer from prospective Guard enlistees. But, it is advantageous to join the Guard before going to college.

When a man of senior high school age joins the guard prior to college entrance, he makes a wise move. The common thought is, "It would be a waste of time for me to enlist in the guard because I would have to be discharged when I enlist in college ROTC."

On the contrary, a man is not discharged from the guard, but rather is carried on the rolls as a guardsman drilling with the reserve officers training corps, and he gets the same training he would have if he hadn't joined the guard.

* * *

THE QUESTION invariably arises, "So, what is the advantage of being in the guard?" It's just this: by being in the guard a man is not obligated to serve two years on active duty as an officer when he completes his reserve officer training. Instead, he comes home to go about his civilian business.

At this time, he once again starts drilling with his home town unit, as he did prior to college days. His added military knowledge will be put to very good use and will benefit both his unit and himself. During summer vacations, while still attending college, that man must attend weekly drills and summer camp with the guard. Done in this fashion a man may attend college, fulfill his military obligation and serve his country and community honorably.

All questions will be answered Tuesday evenings at the Armory at 216 N. Dunton st., Arlington Heights.

* * *

JAMES WALKER of Prospect Heights, added Private to his name when he enlisted in Co. M, Tuesday, October 20. Jim won't be considered the proverbial "Greenhorn" though, for he was an ROTC member at the University of Illinois two years. Having an excellent background in signal corps operations should prove Jim an invaluable member of this unit's headquarters section.

Last week, Company M honorably discharged three guardsmen who had served their three year enlistment obligation. Sgt. Dan Labonne of Wheeling, Sgt. Don Lewis of Chicago, and Cpl. Clarence Peterson, Prospect Hts. were the three discharged. Upon notification of their release all three immediately re-enlisted for another three year period.

* * *

THE MEN of Co. M held their annual dinner Saturday night at the Union hotel in Wheeling. The guardsmen and their wives were particularly pleased with the fine food served them; the wives more so, as it was "their night out of the kitchen." The dinner was followed by dancing.

Much thanks go to 1st Sgt. Dan Hanley of Arlington for his "just right handling" of the dinner arrangements.

Representative to Talk To Arlington Students

Donald Noblett, from the office of admissions of Case Institute, visited Arlington Heights high school last week to talk to students who might be interested in attending his school.

Six students remained after school to interview Mr. Noblett.

Norman Laubenheimer, class of '53, is now attending Case Institute, having received a top scholarship from the school. Case is located at Cleveland, O.

VARLEY

NO MORE CORROSION!
●
NO PLATE SHEDDING OR BUCKLING
●
21% MORE PLATE AREA

NO SPACE FOR WASTE-- NO SPACE WASTED!

First Really NEW Battery Design in 30 Years!

Yes—here's that radically new engineering design in batteries you read about in Popular Mechanics and other national magazines—also advertised on television and radio!

Varley has these three patented features found in no other battery: (1) Varlenite, a super-porous material that can absorb up to 300 percent its weight in water . . . that will keep water in your battery long after you forget. (2) A compressed cushion plate unit that can't shed, buckle or wobble under vibration. (3) Full length plates . . . with 21% more plate area (more power area) than any other battery!

It's no wonder that on truck fleets . . . taxicabs . . . salesmen's cars—the Varley is fast replacing the old pre-war conventional type of battery. Cost records prove that Varley provides greatest insurance against battery failure—and will cost you less in the end than any other battery.

CIRCLING THE TOWN

BY PHYLLIS KNIGHT

There's an old sayng that most women are good cooks, but the finest in the profession, the real culinary artists, are men. Arlington people will have a chance to find out a week from Saturday when the men of the Presbyterian church put on another of their popular dinners for the benefit of the church building fund.

James W. Webster, a member of the church board of trustees, will again organize the dinner and his corps of workers, recruited from the Men's club. Mr. Webster is in the food service business. Men will prepare al. parts of the meal, do the cooking, serving and cleaning up. More than 50 will receive assignments for the day.

Serving will begin at 5 p. m. and continue until 7:30. Tickets are available om members of the club or at the church office.

Toys For Sale

Another popular event to take place soon is the toy shoppers service under the sponsorship of the Adult choir of St. Peter Lutheran church. It will be held next Wednesday evening at 8 p. m. in the church activity building.

Toys will be shown and demonstrated, appropriate for all ages. Every one with toys on the Christmas list is invited to make a selection here.

Trade-in

Mothers of fast-growing girls of Brownie and Girl Scout age are happy to hear that there has been organized a uniform exchange for Arlington girls. Through this exchange mothers may purchase good but used uniforms for their daughters, and sell the ones they have outgrown.

Those who want to buy or sell are asked to call the committee member nearest them: Mrs. R. J. Burke, 430 S. Vail, CL. 3-5193; Mrs. Paul Colianni, 1212 Woodford, CL. 3-5925, or Mrs. R. O. Damerow, 312 Hawthorne, CL. 3-5320.

For The Newcomers

St. John Episcopal church, Mt. Prospect, much of whose membership is from Arlington Hts., welcomed its new members in traditional fashion Saturday. This church customarily welcomes newcomers into the social activities of the church with a pot-luck supper and square dance.

The affair was held Saturday at the high school under the chairmanship of Mrs. John L. Shaw. Rev. Robert E. Winkler of Trinity Episcopal church, Wheaton, was caller for the square dancing. This party was such that present church members enjoyed it just as much as the honor guests, the newcomers.

Turkey Time

First turkey dinner of the season — we think — is that of the Martha circle of St. John Evangelical and Reformed church. These ladies will serve turkey and — at the church hall next Wednesday evening.

The ladies have to know how many birds to prepare and how much other food they need to go with it, so there will be no tickets sold at the door. Reservations may be made with Mrs. Albert Adams, CL. 3-0550.

Area School Board To Meet Thursday Night

The Arlington area school board association will meet tonight, Thursday, at 8 o'clock in the cafeteria of the high school.

Billy Spears, of Prospect Heights, president of the organization, has issued an invitation to all school board members, school administrators, treasurers and trustees.

Speaker of the evening will be Bertrand Smith, superintendent of Oak Park public schools. His topic will be "Legislation Affecting School Boards Passed by the Last General Assembly."

Village Store Names Winner Of Pumpkin Carving Contest

Amid great excitement and much fun the pumpkin carving contest reached a climax at The Village Store, 818 E. Northwest hwy., Arlington Heights, when the winners were announced Saturday afternoon.

First prize went to Berl Bobinette, 10, of 308 Drury lane, and a student at the North school. She carved a pumpkin to look like a gray haired lady, the subject fitting the contour of the pumpkin perfectly.

Second prize winner, Diana Reed, 9, of 302 Drury lane, is a student at St. James school. Her pumpkin was carved and trimmed to represent a man, complete with top hat, bow tie and cigarette in his mouth.

Third prize went to Cora Sue Boehn, 10, of 948 E. Northwest hwy., and a student at North school. Her pumpkin portrayed a country lass, highlighted with a carrot nose, red pepper lips, olive eyes, with green beans for eyebrows, and carrot tops for hair.

Judges were Mrs. Charles Stadelmann, Mrs. Clarence Hendrickson and Miss Jean Wardope.

Youngsters Aid in B. Fain Tucker's Campaign For Circuit Judge

Local youngsters are acquiring early training in civic affairs through the campaign for circuit judge of Miss B. Fain Tucker, Republican candidate.

"Tucker Teams" of children from 8 to 13 years old are delivering her literature house-to-house in the northwest suburbs, and earning 50 cents an hour at the job. The funds have been furnished by the Women's Illinois State Bar Association. Mrs. W. J. Hartman, 403 S. Wille, is in charge of the Mount Prospect Tucker Teams, while Mrs. Carl H. Bowen is heading the project in Arlington Heights. The children are being supervised by members of local women's clubs.

Miss Tucker has made a special study of the delinquent or neglected child and will ask for a family (juvenile) court assignment if elected. (AM

Training Course Offered Students Planning to Work During Yule Rush

As a service to students and the community, the business education department of Arlington Heights high school is offering a special training course for students who plan to work in retail stores during the Christmas rush.

Bruno Waara, distributive education coordinator, will teach the group, which will meet from 3:15 to 4:05 p.m. beginning November 2. Instruction will cover the basic procedures and systems of retail stores and the handling of customers. Ten class meetings are planned.

Only students who are 16 years of age or more are eligible.

WSCS To Welcome New Members Sunday

Mrs. Betty Barbour, president, has announced that the Woman's Society of Christian Service of the First Methodist church of Arlington Heights is inviting new members of the church to a tea to be given November 1 from 3 to 5 o'clock in the church Fellowship hall.

The arrangements for the tea are being made by the Queen Esther circle of which Mrs. Adelaide Jones is chairman.

Arlington Man Heads 'Marines for Murphy' Political Drive

Harold Klingner of Arlington Heights has been named to head operations in this area for the "Marines For Murphy" campaign to elect ex-marine Arthur J. Murphy judge of the superior court on the Republican ticket.

Mr. Klingner, himself a former marine, recently attended a "Marines For Murphy" rally at the Chicago athletic club where ex-marine C. Wayland Brooks, former U. S. senator from Illinois, praised candidate Murphy as "a man with legal ability, courage, and dogged determination to preserve the rights of free men either on the battle field or in the courts of justice."

In enlisting in the marine vets' drive to elect Murphy, Mr. Klingner said, "Murphy's former colleagues who served with him in the marine corps during two world wars rejoice in his determination to serve his fellow men in time of peace."

Remodeling Hooks

If you're planning a new or remodeled kitchen, try to think of all the racks, bars and hooks you will need so that they may be installed directly into the clay tile wainscots or walls when the room is constructed. One nice idea is a long metal bar, with hooks, on which to display your prize copper pieces.

Donna Jean Zinkel Is Bride Of Gene Allen

(Bak Photo

Baskets of large white mums, pompons and carnations formed the setting for the marriage October 24 of Miss Donna Jean Zinkel and Gene Dixon Allen of Arlington Heights, former resident of Manistique, Mich.

Miss Zinkel is the daughter of Mr. and Mrs. Clarence L. Zinkel, 1305 N. Dunton ave., Arlington Heights.

St. James Catholic church was the scene of the 10 o'clock nuptial high mass. Rev. Robert Reicher officiated at the double ring ceremony.

Miss Joyce Karowski sang "Ave Maria," "Panis Angelicus," and "On This Day O Beautiful Mother." In addition to the flowers at the altar, the pews were decorated with bouquets and white satin bows.

The bride wore a gown of chantilly lace over white satin fashioned with an illusion neckline trimmed with white sequins and seed pearls, a fitted bodice, long sleeves, and a bouffant skirt designed with four tiers of chantilly lace over satin. Her fingertip length veil was held in place by a juliet cap covered with rhinestones and seed pearls. The bride, given in marriage by her father, carried a cascade bouquet of large white mums, white pompons and white carnations.

Miss Susan Allen of Muskegon, Mich., sister of the groom, was the maid of honor. She wore an aqua gown fashioned with a strapless velvet bodice and a bouffant skirt of nylon tulle with an inset of tiny accordion pleats on one side. A velvet jacket with a stand-up collar completed her ensemble.

Miss Dolores Dionne, Miss Shirley Henricks and Miss Joyce Drewes, all of Arlington Heights, were the bridesmaids. Their rich burgandy gowns were fashioned identical to that of the maid of honor. Miss Marilyn Martin of Arlington Heights, cousin of the bride, was the junior bridesmaid. Her aqua gown was identical to that of the maid of honor. All shaped bouquets of pale pink carnations.

For her daughter's wedding Mrs. Zinkel wore a navy blue lace dress with pink accessories and a white orchid corsage.

Roy Zinkel, brother of the bride, was best man. Jerome Allen of Detroit, Mich., brother of the groom, Robert and Donald Martin, both of Arlington Hts. and cousins of the bride, were the ushers. Tommy Mayner, cousin of the bride, was the ringbearer.

Immediately following the ceremony a wedding breakfast was served to members of the bridal party and the immediate families at Casablanca. A reception was held later in the day at the Palatine fire house for 200 guests.

Following a honeymoon in Wisconsin and Northern Michigan, the couple will make their home at 15 N. Vail ave., Arlington Heights.

Gilbert Benhart Takes Roberta Cluts As Bride

Gowned in chantilly lace and nylon tulle, Miss Roberta Cluts, daughter of Mr. and Mrs. Raymond J. Cluts, 45 W. Chicago ave., Palatine, became the bride of Gilbert Benhart, son of Mr. and Mrs. Emil Benhart of Roselle.

The bride's gown was fashioned with a lace bodice featuring a scalloped illusion yoke and lace Peter Pan collar and long lace sleeves. The bouffant skirt of nylon tulle over satin ended in a cathedral train. Her fingertip length veil of imported French silk illusion was held in place by a lace bonnet trimmed with seed pearls. The bride, given in marriage by her father, carried a bouquet of snowdrift pompons with a white orchid center.

Miss Sharon Cluts, sister of the bride, was the maid of honor. She wore a gown of misty gold nylon net enhanced by rich velveteen. The dress had pleated ruffles on the bodice and a jacket with a portrait collar, and the skirt featured side accordion pleats.

Miss Shirley Anderson and Miss Marilyn Lundy, both of Palatine, were the bridesmaids. Their violet gowns were identical to that worn by the maid of honor. The maid of honor carried bronze fuji mums on a gold muff and the bridesmaids carried yellow fuji mums on violet muffs.

Richard Ebeling of Roselle was best man, and Ralph Botterman and Wayne Gieske, both of Roselle, were the ushers.

Rev. Hilmar Rosenberg officiated at the 6:30 p.m. ceremony held October 17 at Immanuel Lutheran church. Miss Ruth Hayford sang "O Promise Me" and "The Lord's Prayer" accompanied by Paul Leimer at the organ. Baskets of mums formed the setting for the wedding.

A reception was held following the ceremony at the VFW hall in Dundee. More than 250 guests attended.

Following a honeymoon in Forida, the couple will make their home in Roselle.

Heights, announce the engagement of their daughter, Claraanne, to Francis R. Zielinski Jr., son of Mr. and Mrs. Francis R. Zielinski Sr., 5119 W. Pensacola ave., Chicago 41.

Miss Terry attended De Paul university and was graduated from the University of Missouri. She is now working for the social security administration in Elgin.

Mr. Zielinski served in the U.S. navy in World War II and was graduated from De Paul university. He is now working at Transkrit Corp. in Chicago.

A late winter wedding is planned.

Former Residents Mark Golden Anniversary

Mr. and Mrs. Charles Pankonin Fla., former residents of Mount

Prospect, will celebrate their golden wedding anniversary October 31.

They were married in Chicago October 31, 1903, and lived on the northwest side of Chicago for many years. For 18 years they made their home in Mount Prospect, and in 1945 they moved to Eustis, Fla. where they will celebrate at an open house October 31 at their home.

Mr. Pankonin is 74 years old and Mrs. Pankonin is 69.

Mrs. Pankonin's brother and sister-in-law and her sister will drive to Florida to participate in the celebration.

Woman's Club Features Noted Book Reviewer

Arlington Heights Woman's club will hold its next regular club meeting at the field house November 4 at 1:30 p. m. Mrs. John Solon, program chairman, will introduce Miss Virginia Squier, who will review Joseph Hitrec's Harper Prize novel, "Son of the Moon."

Club president, Mrs. Charles Stadelman, will report on the highlights of the national convention of the General Federation of Woman's clubs which she attended with Mrs. C. A. Hendrickson, vice president, in Washington, D. C.

Miss Squier is a native of New York City and attended Hunter college majoring in English, history and dramatic arts. She moved to the middle west at the time of her marriage.

Virginia Squier has developed

MISS VIRGINIA SQUIER

a technique in book reviewing that is unique. She has the rare gift of bringing a book to life for her audiences. Combining her own flair for drama, the result of ten years in the Little Theater, with a sympathetic understanding of human nature and an informed appreciation of modern trends in literature, without notes of any kind, she deftly enacts scene after scene from the book, "Son of the Moon," abetted by the colorful costume of the Indian Sari.

The hostess chairmen for the afternoon will be Mrs. Henry Jeutter and Mrs. H. J. Emery.

Laurnell Anderson, Robert Wegrzyn Wed

A candlelight, double ring wedding ceremony October 17, united in marriage Miss Laurnell Anderson, daughter of Mrs. Laura Anderson, Higgins and Elmhurst rds., Bensenville, and Robert F. Wegrazyn, son of Mr. and Mrs. Peter Wegrzyn, Kirchoff rd., Arlington Heights.

Rev. E. Bergstrasser officiated at the ceremony held at 7 o'clock at St. John's Evangelical and Reformed church, Bensenville. Miss Virginia Cowen of Arlington Heights sang "Through the Years" and "The Lord's Prayer" accompanied by Mrs. Maegers of Bensenville at the organ.

Baskets and vases of white gladioli and mums formed the setting for the wedding.

The bride, given in marriage by her uncle, Howard Zick of Des Plaines, wore a gown of white chantilly lace over satin. The gown was fashioned with a scalloped scoop neckline filled with a yoke of sheer nylon tulle trimmed with seed pearls, long tapered sleeves, a fitted bodice which buttoned down the back and a long train. Her fingertip length veil of nylon tulle was trimmed with matching lace and held in place by a crown of seed pearls. She carried a bouquet of white carnations and baby mums with a removable white orchid in the center.

Miss Marilyn Hagenow of Arlington Heights was the maid of honor. Miss Wanda Warnke of Des Plaines, cousin of the bride, Miss Yolanda Wegrzyn of Arlington Heights, sister of the groom, were the bridesmaids. Miss Sandra Lee Zick, of Des Plaines, cousin of the bride, was the junior bridesmaid.

The attendants wore gowns of nylon net and velvet. The gowns were fashioned with strapless velvet fitted bodice trimmed with ruffles of net and small velvet stoles, and the skirt was composed of two layers of nylon net over taffeta. The net was covered with three rows of net ruffles which formed an apron effect. The maid of honor wore pale coral; the bridesmaids, aqua. All carried colonial nosegay bouquets of white carnations and pink roses with contrasting streamers.

For her daughter's wedding, Mrs. Anderson wore a soft pink rayon crepe dress with black velvet accessories and a corsage of fushia tea roses. The groom's mother wore an aqua rayon crepe dress and a corsage of light pink tea roses.

Clyde Minar of Arlington Heights, brother-in-law of the groom, was best man. Raymond Anderson, brother of the bride, and Peter and Ronald Wegrzyn, brothers of the groom, were the ushers.

Following the ceremony a reception and dinner was held at Elk Grove school for 350 guests.

The young couple, who are now making their home on S. State rd., Arlington Heights, plan a honeymoon trip to Florida in March.

Previous to her marriage the bride was honored at a miscellaneous shower given by Mrs. Herman Warnke and Mrs. Howard Zick, her aunts, at the field house October 8. More than 60 guests attended.

Ramona Legett And Neal Higgins Wed Recently

Miss Ramona Leggett of Franklin Park became the bride of Neal Higgins Jr. of Arlington Heights October 24 at St. Gertrude Catholic church in Franklin Park.

The bride is the daughter of Mrs. May Leggett of Tomahawk, Wis., and the groom is the son of Mr. and Mrs. Neal Higgins of Jackson, Miss., former residents of Arlington Heights.

Rev. Donald Ahern officiated at the 10 a.m. nuptial mass. Bouquets of white flowers banked the altar of the church.

The bride wore a powder blue street length dress and a blue hat. She carried a bouquet of pink roses on a white prayer book.

Mrs. Jack Wall, sister of the groom, was the matron of honor. She wore a mauve dress and hat and carried a bouquet of yellow flowers. The bridesmaid, Miss Lorraine LaBache, wore a pink dress and carried yellow flowers.

Edward Kelly was best man, and Jack Wall and Jack Leggett were the ushers.

Breakfast was served following the ceremony at Kirie's restaurant in River Grove.

The couple are honeymooning in New Orleans and will make their home at 3118 George st., Franklin Park.

YAC's To Hold Sadie

The men of the Young Adults club of this area are taking to th' hills! Is it Indians? Or maybe Halloween ghosts? Wrong. Quite wrong! It's women! Dozens of 'em . . . and they're all looking for men.

Just in fun though, as plans are being laid for the YAC's Sadie Hawkins' day barn dance at 8:30 p.m., November 14, in the Arlington Heights Methodist church gym. A three-piece combo will provide the music and there will be a caller for the square dancing part of the evening. Prizes will be given for the most unusual costumes.

Tickets, $1 a couple or 75 cents each, will be available at the door, and non-members will be welcome.

ding of Miss Marlene J. Cosman, daughter of Mr. and Mrs. Paul F. Cosman, 514 N. Elm st., Mount Prospect, and Graves D. Schmalbeck of Des Plaines.

Rev. Donald Heinrich officiated at the 6:30 p. m. single ring ceremony. Wesley Gathman, cousin of the bride's father, sang "O Perfect Love," "Because" and "The Lord's Prayer" accompanied by Mrs. Edward Gathman at the organ. Mrs. Gathman is also a cousin of the bride's father. Bouquets and baskets of white carnations decorated the church.

The bride wore a gown of chantilly lace and skinner satin. The neckline of the fitted bodice was trimmed with chantilly lace. The same lace was repeated in the scalloped insets in the full satin skirt. The gown was also fashioned with a two yard train. A coronation crown of pearls and sequins held her fingertip length veil of illusion in place. She carried a ballerina bouquet of white carnations, stephanotis and ivy surrounding a white orchid.

Miss Laurelle Hasselman of Des Plaines was the maid of honor. Mrs. Michael Nellessen of Des Plaines, Miss Sandra George of Arlington Heights and Miss Ardis Butenschoen of Des Plaines, cousin of the groom, were the bridesmaids.

All the attendants wore waltz length gowns of deep yellow iridescent taffeta fashioned with bolero jackets featuring stand up collars over the strapless bodice. They wore picture hats and carried ballerina bouquets of brown mums surrounded by fall leaves and green ribbon.

The junior bridesmaid, Miss Sandra DuRard of Des Plaines, wore a yellow dress of tulle over taffeta. She also wore a picture hat and carried a bouquet of brown mums surrounded by fall leaves and green velvet ribbon.

Richard Glander of Des Plaines was the best man. Bill Klippert of Des Plaines and Harold Schmalbeck of the same town and Arthur Schmalbeck of Itasca, brothers of the groom, were the ushers. Joe DuRard of Des Plaines was the ringbearer.

Mrs. Cosman wore a deep marine aqua waltz length taffeta dress with pink and black accessories. Her corsage of cymbidium orchids matched her accessories. Mrs. Esther Butenschoen, aunt of the groom, who resides in Des Plaines, wore a black and green taffeta dress with black accessories and a corsage of yellow tea roses.

A reception for 300 guests was held at the Mount Prospect VFW hall and a buffet supper was served later in the evening.

The young couple honeymooned at the Wisconsin Dells and are now making their home at 1657 River rd., Des Plaines.

Among the out-of-town guests at the wedding were Mr. and Mrs. Paul Hein of Albany, Wis., the bride's grandparents; Mrs. Ida Popanz of Evansville, Wis., the bride's great aunt; Mr. and Mrs. Lawrence Taylor of Beloit, Wis.; Mr. and Mrs. Russell Benner of South Bend, Ind., aunt and uncle of the groom, and Mr. and Mrs. Kenneth Dahm of St. Joseph, Mich., cousin of the groom.

Community Camera

In a double ring ceremony October 4 Miss Jane Schimming, daughter of Mr. and Mrs. George Schimming, 216 N. State rd., Arlington Heights, became the bride of Jack Legg, son of Joseph Legg of Lumberton, Miss.

The bride wore a white ballerina length gown fashioned with a strapless bodice of chantilly lace and a long sleeved lace jacket featuring a Peter Pan collar. The bouffant skirt was made of chantilly lace with an accordion pleated bottom of nylon net over taffeta. A cap of seed pearls held her fingertip length veil in place. The bride carried a colonial bouquet of white feathered mums and stephanotis.

Mrs. Alfred Kuhl, cousin of the bride, was the matron of honor. She wore a ballerina length flamingo gown of nylon net over taffeta. The strapless bodice was fashioned with a lace jacket and the skirt was bouffant. She carried a colonial bouquet of feathered mums and pinocchio sweetheart roses. Her headpiece was made of matching flowers.

For her daughter's wedding, Mrs. Schimming wore a purple dress and an orchid corsage.

Wilbert Martel, cousin of the bride, was the best man.

Rev. J. M. Kempf, pastor of the Lutheran Home and Service for the Aged, officiated at the 4 o'clock ceremony held at St. Peter Lutheran church. Vases of white mums and white fuji mums decorated the church altars.

Immediately following the ceremony, dinner was served at Paul Peterson's Supper club for the bridal party, the bride's parents, Rev. and Mrs. Kempf and Mrs. Wilbert Martel. A reception was held at 8 p.m. at the home of the bride's parents for relatives and a few friends. Refreshments were served to 100 guests.

CHRISTIAN SCIENCE CHURCHES

That the love of sin and the fear of death are destroyed throug. a right understanding of their fraudulent nature and the operation of the law of God, good, will be explained in all Churches of Christ, Scientist, on Sunday, November 1. The subject of the Lesson-Sermon will be EVERLASTING PUNISHMENT.

The Golden Text is from James (4: 8) "Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded."

Lesson-Sermon passages from the Bible (King James Version) include:

"As I live, saith the Lord God, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live: . . . If the wicked restore the pledge, give again that he had robbed, walk in the statutes of life, without committing iniquity; he shall surely live, he shall not die" (Ezek. 33: 11,15).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"The abiding consciousness of wrong-doing tends to destroy the ability to do right. If sin is not regretted and is not lessening, then it is hastening on to physical and moral doom . . . If mortals are not progressive, past failures will be repeated until all wrong work is effaced or rectified . . . Remember that mankind must sooner or later, either by suffering or by Science, be convinced of the error that is to be overcome" (pp. 405,240).

P S Co. to Separate Gas From Electric Service

Commonwealth Edison has announced it proposes to create a separate corporation to own and operate the gas properties of its Public Service company division. Application to the Illinois commerce commission for the necessary authority will be made in the near future.

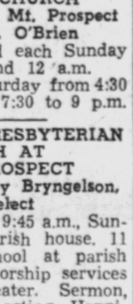

Under the program, the Public Service division, which supplies both electricity and gas in a large suburban and northern Illinois area outside Chicago, would continue its electric operations as at present, while the new gas company would be incorporated as the Northern Illinois gas company.

Elk Grove Community

Mothers' club is arranging a variety of entertainment and "eats" at the Halloween party Friday night at the school. A feature on the program is "Swansonia," a mysterious magic team who will perform unbelievable tricks before the eyes of the audience. Comedy movies, costume parade and selections by part of the Elk Grove band will also be included.

Many of the rooms will conduct carnival booths with prizes for the most skilled, and there will also be a gigantic witch's pot of secret gifts. Refreshments and dancing will conclude the evening.

Everyone regardless of age is asked to come in costume. There will be a 10 cent fine for all who lack originality or daring to wear a costume.

Another appeal is being made for donations of cakes, cookies, doughnuts, etc., but not candy. Those willing to volunteer for refreshment duty are asked to call Mrs. Donald Mollenkamp, party chairman.

All children must be accompanied by an adult who will be responsible for their transportation and actions. The party encourages peaceful fun that neither bothers nor harms people or property.

"Everyone in this school's community is invited, regardless of whether he or she had, have, never had or will have children in school. Come out and enjoy yourself," says Mrs. Mollenkamp.

Dr. Winters

People in the district are reminded that November 19 is the date for the appearance of Dr. Carl Winters, speaker to more than 100,000 persons during the last year. The meeting has been arranged by the Mothers' club.

Physical Examinations

Mothers' club health committee has arranged to have Dr. Raag give physical examinations at school on Thursday afternoons, November 5, 12 and 19. Dr. Raag has his office at 107 Addison rd. in Addison. He has been recommended by a veteran doctor in this area. A parent must accompany the child and pay the fee of $1.50 that goes to the doctor at the time of examination.

Hearing Testing

Mothers' club started hearing tests Monday and will follow them with eye tests. The audiometer and eye testing device are loaned by the county health department through our area nurse, Mrs. Faye Krauss.

Chairman Mrs. Franklin Landmeier is being assisted by Mesdames Richard Adams, Oscar Dierking, George Johnson and John Webster.

Spelling Contest

Mrs. Balson has arranged an upper grade spelling contest next Wednesday to determine who will be the Elk Grove school representative and alternate in a Cook county sectional contest in December.

Photographs

A photographer took pictures at the school today, Thursday. After they are printed, they will be offered to the pupils at a cost of $1.10 a set or a lesser amount for fewer pictures.

Nature Assembly

There will be a nature assembly for the lower grades and another for the upper grades next Monday. It will consist of a film and a talk by a forest preserve representative.

Girls' Auxiliary

A girls' auxiliary was formed this week from 32 volunteers in the upper grades. They will supervise the halls and entrances before school, at noon and after school. They will rotate as office girls in the afternoon to answer the telephone, greet visitors and deliver messages.

Election Tuesday

The school auditorium will again serve as a polling place from 6 a.m. to 5 p.m. Tuesday.

Community News

Palatine Man Ends 600 Year Feud With Scottish Clan

Richard Clark Frasier, of Fairfax rd., Palatine, took part Monday in the reconciliation of a feud that began 600 years ago between two ancient Scotch clans.

The meeting was arranged by Arthur Rissman, president of Jerrems, 324 S. Michigan, Chicago.

It brought together Frasier and 75-year-old Dame Flora MacLeod, 28th chief of her clan, who is visiting Chicago. Frasier's great great grandfather left Scotland to settle in America.

* * *

THE CEREMONY was marked by the traditional Scottish friendship rite of sharing a quaffing cup. Dressed in Scottish attire, Dame MacLeod and Frasier drank together from a large antique silver goblet.

Their meeting sympolized the end of a feud dating back to 1343, when Malcolm MacLeod made love to the beautiful young wife of the Chief of the Clan Frasier. This event was followed by hundreds of years of intermittent war in the woods of Glen Elg, where the young woman met secretly with Malcolm.

* * *

ON HAND to witness the reconciliation were Rodney Chaulk, of the British information service in Chicago; John and Patrick MacLeod, 18-year-old twin grandsons of Dame Flora; Gardner Meeks, senior officer of Jerrems, and Rissman.

Before the ceremony, Meeks showed the visitors Jerrems' stock of Scottish woolens, the largest in the midwest.

Mt. Prospect Resident Awarded Scholarship By Polio Foundation

Miss Nancy Ellen Leue of 406 Lonnquist Parkway, Mount Prospect, has been awarded a scholarship in physical therapy under the nationwide professional training program sponsored by the national foundation for infantile paralysis.

Miss Leue will study at Washington university, St. Louis, Mo., an institution approved for this type of training by the council association.

on medical association and hospitals of the American medical

In announcing the award, Mrs. Cutter stated that Miss Leue is one of 108 residents of Illinois to receive a scholarship since the National Foundation began its physical therapy program in 1942 to combat a critical shortage of trained therapists. The awards are made upon recommendation of a professional committee.

The National Foundation has awarded 2,943 scholarships in this field to date. It is estimated there is an immediate need for 2,500 physical therapists to meet the increased demand for their professional services, and that at least 15,000 additional therapists will be needed within the next ten years. Since 1942 more than $2,600,000 in March of Dimes funds has been allocated to support the physical therapy scholarship and teaching fellowship program.

Italian Restaurant to Open in Mt. Prospect

Ever since Sam Faraone and John Cordaro of Mt. Prospect and Arlington Heights respectively, moved into this area, they have yearned to open a restaurant where they could serve food prepared from old world family recipes.

Their new establishment, known as Fadaro's Italian Cuisine, will open its doors November 3 at 1 W. Northwest hwy. in Mt. Prospect.

Serving only dinners, they will feature pizza, spaghetti, ravioli, chicken, and other Italian specialties. There will be a "take-out" service. Hours will be from 5 to 10 p. m. Tuesday, Wednesday and Thursday; 5 p. m. to 1 a. m. Friday and Saturday; 1 p. m. to 9 p. m. Sunday; and closed all day Monday.

Faraone has been in the food line all of his life, and is presently sales promotion manager of a large sausage concern. Cordaro is with the Don McNiel Breakfast club show, and is seen daily on the Daniel O'Niell TV noon show as a member of the popular seven man musical "combs." (AM

Evening Guild Plans Dance, Christmas Sale

The regular monthly meeting of the Evening guild of St. John's Episcopal church, Mount Prospect, was held in the undercroft of the church October 21.

Mrs. R. C. DeZur, president, announced that November will be a busy month for guild members. A Christmas sale will be held November 18 in the Mount Prospect village hall. The other guilds of St. John's have been invited to participate.

The third annual Thanksgiving ball will be held November 27 at the Elmhurst Country club. As before, Bill Walker and his orchestra will play. Tickets are $4 a couple.

Mrs. DeZur introduced three guests to the group. They were Mrs. William Boyd Jr. and Mrs. Merle Skillern, both of Arlington Heights, and Mrs. Abner J. Smith of Mount Prospect.

Following the brief business session, Rev. Charles B. Upson, rector of St. David's Episcopal church, Glenview, presented a talk on the importance of remembering the vows made at baptism and confirmation.

Following the meeting, the guild enjoyed a social hour, during which time refreshments were served by Mrs. Robert Erickson, Mrs. Owen M. Lynch and Mrs. Ralph R. Mabbs.

Sweet Aqua Dreams

So quiet you can sleep at full throttle! While not recommended practice, that is the claim made for the revolutionary "truly quiet" outboard motor shown here with Georgia Landeau in the sleeping beauty role.

The 5½ horsepower unit resulting from years of Johnson research runs with a gentle purr that permits normal conversation and completely satisfactory portable radio reception at full throttle.

The new power plant utilizes intake mufflers and underwater exhaust systems which control considerable noise, but it's an entirely new principle, discovered in wartime research for the military, that really does the trick.

Through an ingenious suspension drive system, the motor is insulated from the boat, and vibrations that formerly were converted to unpleasant noise by the boat acting as a sounding board, are dissipated into thin (and quiet) air.

Will your child have a college education?

It's yours to give him . . . if you start planning today . . .

Of course you want your child to have a good education. But can you be sure that, when the time comes, you'll be financially able to give it to him? You can, *if you start saving for it now*—through the Payroll Savings Plan.

It's simple! Just tell your company's pay office how much you want to save—from a couple of dollars to $375 a month. Then, every payday, this sum is invested in U. S. Series E Savings Bonds which are turned over to you and earn good interest for you.

It's systematic! If you sign up to save $3.75 a week, in 5 years you'll have $1,025.95—in 9 years 8 months, $2,137.30—and in 19 years 8 months you'll have $5,153.72.

It's sure! Once you join, your saving is automatically done for you before you draw your pay. And your child's education will be provided for *by money you don't even miss* now.

Eight million people are now on the Plan—saving for a home, a college education for the children, or any of those things made possible *only through systematic saving*. Join the Payroll Savings Plan now—or, if you are self-employed, join the Bond-A-Month Plan where you bank. Do it today!

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately			
	$1,000	$5,000	$10,000	$25,000
Each week for 5 years, save	$3.75	$18.75	$37.50	$93.75
Each week for 9 years and 8 months, save	$1.85	$8.80	$18.75	$45.00
Each week for 19 years and 8 months, save	$0.75	$3.75	$7.50	$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save *any* sum you wish, from a couple of dollars a payday to $375 a month. The important thing is, *start your Plan today!*

Your baby's future starts today—
when you save with United States Savings Bonds
through the Payroll Savings Plan!

Dance A Success

The Community club dance was very well attended, and the program committee deserves a big hand. The program committee wishes to thank the merchants who donated prizes for the dance. The Community club's next affair will be a party at the school the first Saturday in November and tickets are on sale through members, or may be purchased at the door.

Rummage Sale

The PTA will hold a rummage sale in the school basement October 31 beginning at 9 a.m. Those wishing to donate rummage may do so Wednesday, Thursday and Friday of this week. If it is inconvenient to bring it to the school, call Mrs. Frank Moskal, CL 3-5882 or Mrs. Opela, CL 3-5255, for pick-up service.

Halloween Party

The Community club will sponsor the Haloween party for the Wilson school children October 30. This is a "thank you" to the children for their fine response in selling tickets in connection with the dance.

The executive committee of the PTA will hold their monthly meeting October 29.

Mrs. Leroy Moskal of Vista land sustained a cracked vertebrae and broken bones in the foot when she fell last week from the attic to the basement of her home. It was one of those freak home accidents when a ladder gave way. She is now at home, confined to her bed until a brace can be made to support her back.

PTA Rummage Sale

At the time this column was composed, the outcome of the PTA Rummage sale had not been announced. In fact, the members who were in attendance on Saturday agreed that it would be wise to advance the closing date to Monday evening.

Since there was such a splendid response to the request for donations, we were flooded with cartons of clothing, etc., till almost the last minute. Therefore, there are many fine items still to be disposed of.

Although I've participated in various community projects and worked with several committees, I always receive a new thrill each time I am invited to volunteer my services. The men and women who work so hard towards the success of a current project, work together, and always have fun while doing it. This was the case when we prepared for the rummage. I have nowhere near enough space to indulge in vociferous praise, but I sincerely hope everyone who enlisted their aid will take this praise personally.

School

There are quite a few pupils absent from school due to illness this past week. Just couldn't take that California weather, I guess.

And I've received word that Master Bruce Murdock is convalescing in St. Francis hospital from a sudden operation due to a ruptured appendix.

Mrs. Betty Flink, mother of Eric Flink, has been trying to rid herself of a miserable cold for the past few weeks. Must have caught it from Eric, who had been home from school all the previous week. They are being visited by Mrs. Flink's parents, Mr. and Mrs. Carl Fitzer, of Kansas City.

The Arthur Hansons of Anita st., in Forest River, are enjoying the company of Mrs. Hanson's father, John Hendriksen of Phelps, Wis.

Mr. and Mrs. Frank Arkell, also of Forest River, welcomed the arrival of another baby girl to their family, which is already thrice blessed with girls and one boy.

Our sincerest sympathies to Mrs. Hjalmar Sandquist on the death of her father, Julius Quam. He and Mrs. Quam have been residing at the Sandquist home for many months, and his death terminates a long illness.

I have heard that Mrs. S. Haverkampf is still receiving medical attention at St. Francis hospital. I think she would appreciate a get well card or better still, a visit from her friends, as she has been there for quite awhile.

Miss Sharon Anderson celebrated her tenth birthday, October 26 at the Brownie meeting along with her troop buddies.

Mrs. Inez Hanson, Girl Scout leader, reports the Intermediates were supplied with individual pumpkins at their last meeting, and they had a fine time carving them into leering faces.

Tuesday a delicious luncheon was served by Mrs. James Burton at her home and enjoyed by Mrs. Don Franzmann, Mrs. Stanley Luczak and Mrs. Virginia Brodnan.

Luncheon Guest

Mrs. Frank Karnaukas, Chicago, was the honored guest at a luncheon given Wednesday at the home of Mrs. W. H. Grismer Jr. Those present were Mrs. Chuck Jevne, Mrs. Fred Gorr, Mrs. Steve Feifar, Mrs. Frank Brodnan and Mrs. Luella Koepke. Mrs. Karnaukas formerly lived in the neighborhood.

Attention Everybody

Tickets are now available and on sale from all the members or from Mrs. Marge Gorr, dance chairman, at Cl. 3-1466, for the Forest View mothers' club annual square dance to be held November 28, 8 p.m., at the field house. The caller will be Don Finforck.

Triple Birthday Celebration

Birthday congratulations to John Phol, Stan Luczak and Frank Brodnan, who all celebrated their birthdays October 24. The Frank Luczaks, William Maleckes and the Stan Luczaks all gathered at the home of the John Phols for the celebration.

Many Thanks

Thanks to all mothers and their friends who partook in the Christmas toy and household gadget party Friday. Thanks also to Mrs. Connie Cleary, Mrs. Dorothy Hartman and Mrs. Irene Sundblad, the committee, who did such a splendid job. Many thanks also to Mrs. Vern Koepke and Mrs. Marge Gorr for their help, too.

Joseph L. Mueller, Wisconsin Dells, is spending a week with his son and family, Mr. and Mrs. Joseph Mueller, Arlington Heights.

Mrs. Emma Hutchings, and Mr. and Mrs. Wesley Van Ornum, and son, Billy, Chicago, were Sunday visitors at the Robert Hutchings' home.

Mr. and Mrs. Russell Anderson attended the silver wedding anniversary of Mr. and Mrs. Carl Sandell, Chicago, Sunday. Mr. Anderson and Mr. Sandell were childhood friends.

Out of Town Guests

Thursday Mr. and Mrs. Charles A. Merritt Jr. entertained dinner guests at their home. They were, Mrs. Charles A. Merritt Sr. and sister, Mrs. Esther Clark, Detroit, Mrs. Clark's daughter, Mrs. Barbara Hill, Saginaw, Mich., Mrs. Eda Thompson and daughter, Prunice McDonald, Grand Rapids, Mich., and Mr. and Mrs. Thomas Merritt and their three children, Mount Prospect.

Mr. and Mrs. Willard Consoer visited Mrs. Consoer's father, William Meyer, who is recovering from an operation at the Elmhurst hospital.

Wedding Anniversary

Mr. and Mrs. Joseph Mueller, and Mr. and Mrs. Charles P. Jevne celebrated their wedding anniversaries together October 24. They went to see "The Robe" and later enjoyed dinner at "The Orchid."

WINKLER LP*

*LOW PRESSURE OIL BURNER

Are you supporting an oil hog in your basement? Get rid of it now—put in a Winkler LP*. You'll save oil—cut service costs—enjoy the most carefree heating you've ever known. Here's what owners say—

"At last I am completely satisfied with oil heat. The day my burner went to pieces, I felt quite badly, but now I can see it was really a lucky day. After you installed a Winkler LP* Burner, and I saw what it would do, I wouldn't be without it. *Why should I, with a saving this year of 40%?*"
Mrs. Shirley Hill, Portsmouth, N. H.

Costs less than hand-fired coal

"Last winter, the Winkler Oil Burner required only $135.64 worth of oil and in previous years we burned nine to ten tons of coal at $17.50 per ton. I will certainly recommend this oil burner to anyone desiring trouble-free and economical heating."

From among its 57 chapters scattered all over the United States and Canada, the American society of safety engineers has chosen the Greater Chicago chapter to receive its Albert D. Caddell chapter achievement award for the 1952-1953 chapter year.

In the photograph, a plaque symbolic of the honor is being presented to George F. Nuernberger (right), general chairman of the chapter during the year for which the award was made. The presentation was made by C. H. Weiser (left), retiring President of A. S. S. E. October 21 at the Conrad Hilton hotel during the annual meeting of the society. The plaque is an integral part of a lectern made of a special type of wood, grown in Hawaii.

Mr. Nuernberger lives at 740 North Beverly Lane, Arlington Heights and is safety engineer for the A. B. Dick company, 5700 West Touhy Avenue.

The Albert D. Caddell award means the winning chapter was the most active and most successful in promoting the chief objective of the society—safety. —Ralph Marks Photo.

Plan Escalators And Trailer At Arlington Park

Thoroughbred fans will be greeted at Arlington Park and Washington Park in 1954 with the largest escalator system in sports, thousands of additional seats, and new parking areas in the most comprehensive improvement program ever attempted in racing.

In a joint announcement issued by officers and directors, it was revealed that the massive project already is under way at the twin Chicago tracks and will cost in excess of $2,000,000.

The improvements have been designed almost 100 per cent for the convenience and comfort of the racing fans, a philosophy which long has been the trademark and practice of Arlington Park and Washington Park.

* * *

THE ESCALATOR installations, which alone means an expenditure of over $800,000, will provide thorough up-and-down service to all five floors at Arlington and all three floors at Washington Park. They will cover both clubhouse and grandstand and will give the twin tracks the only complete ground-to-top "transportation" in racing.

The impressive list of projects also inculdes a 254-foot addition to the Washington Park grandstand for more than 8,000 additional fans, plus 89 more acres of parking space, and a 50-unit trailer park at each track for horsemen, jockeys, etc. and their families.

The new Washington Park grandstand section will increase the track's seating capacity 30 per cent to 30,100. Arlington Park improvements will boost the total seating capacity to 30,813, an increase of over 25 per cent.

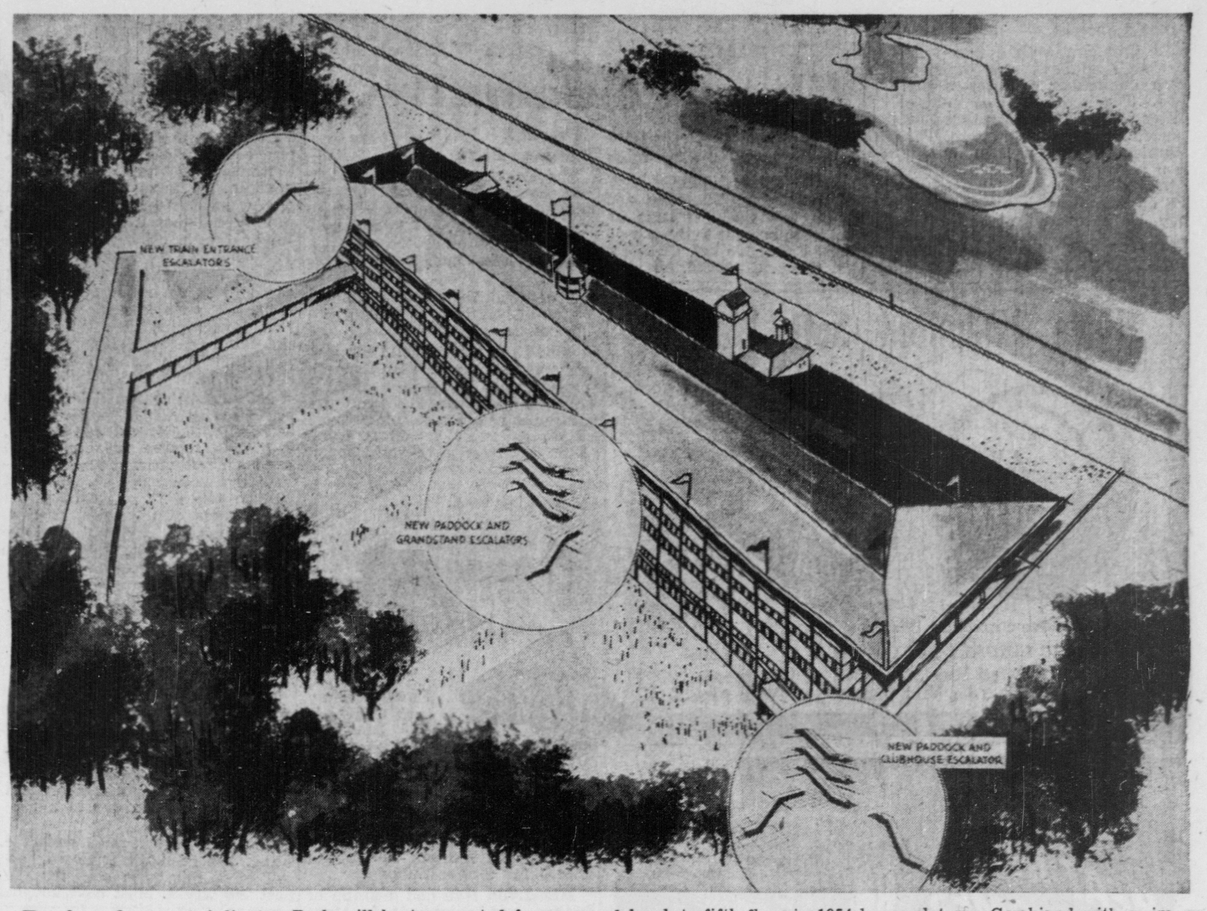

* * *

FANS ENTERING at the Chicago and North Western train gate or from the parking lots to the grandstand entrance will be transported by escalator to the main floor. Another escalator will service the clubhouse entrance to the main floor. Additional up-and-down escalators then will carry patrons to all other floors in both clubhouse and grandstand. Separate escalators will service the paddock area, in both clubhouse and grandstand, from main floor to ground level and return.

Nine new rows of terraced seatsteps, with perfect sightlines, and accommodating 3,500 persons, will be added to the present seating capacity in both clubhouse and grandstand. It will extend back from the top row of seats and will become the best vantage point in Arlington Park's spacious stands.

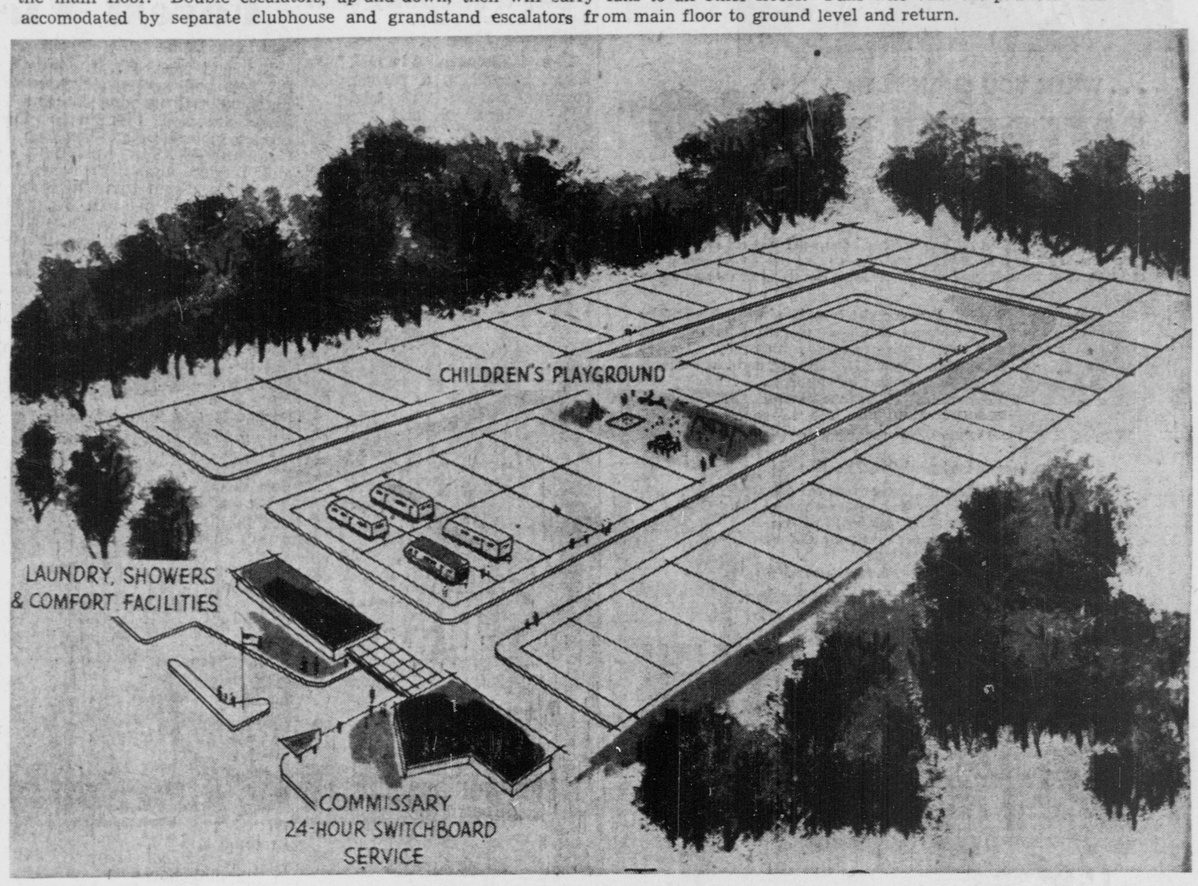

* * *

THE PRESENT fifth floor mutual facilities will be moved to a new and greatly-increased area on the fourth floor in order to eliminate a crowded condition. The new fourth floor area will be completely remodeled with modern lighting, restrooms, refreshment stands, and tile floors.

Racing fans at Arlington Park will be transported from ground level to fifth floor in 1954 by escalators. Combined with a similar system at Washington Park, the twin tracks' escalators will represent the largest installation of its kind in sports.

The two main entrance-ways (extreme left and right) in the grandstand and clubhouse will be serviced by 48-inch escalators to the main floor. Double escalators, up-and-down, then will carry fans to all other floors. Fans who visit the paddock area will be accomodated by separate clubhouse and grandstand escalators from main floor to ground level and return.

First Trailer parks of their kind in sports is this architect's sketch of the modern units to be built on the grounds at Arlington Park and Washington Park in 1954. Each will accomodate 50 trailers and each trailer park will have complete police-medical-fire protection, plus a children's playground, limited commissary, showers, all utilities, comfort facilities, electric laundry and telephones direct to tracks' 24-hour-a-day switchboard. They were included in the Arlington Park-Washington Park $2,000,000 improvement program to help ease the growing problem of housing for horsemen, jockeys, etc. and their families.

Young Carpenters

Glenn and Keith Knitter, pictured first, are two brothers who like to build things together. They each have tool kits, and are adept at carpentry. The boys have constructed several things, from airplanes to ladders.

Glenn and Keith are the sons of Mr. and Mrs. Gerald Knitter, 730 N. Harvard, Arlington Heights. Glenn is 6½ years old, has light brown hair and blue eyes. Four-year-old Keith has blond hair and blue eyes.

Glenn is in first grade at the Ridge school, and Keith attends nursery school. Both boys attend Sunday school at the First Presbyterian church.

These two youngsters enjoy riding their bicycles. They have a pet cocker spaniel named Fritz.

Grandparents of the boys are Mrs. Rita Knitter of Chicago and Mr. and Mrs. C. H. Dorge of Park Ridge.

Brother and Sister

Craig and Leslie Ann Johnson, pictured next, are the children of Mr. and Mrs. Reuben Johnson, 45 S. Bothwell, Palatine. Both children have blond hair and hazel eyes. Craig is 5½ years old, and Leslie is 5.

Craig attends kindergarten and Leslie is in third grade. Both youngsters attend Sunday school at the Northwest Suburbs Bible church.

Craig loves to sing, and he especially enjoys modeling clay. He likes to ride his bicycle, too.

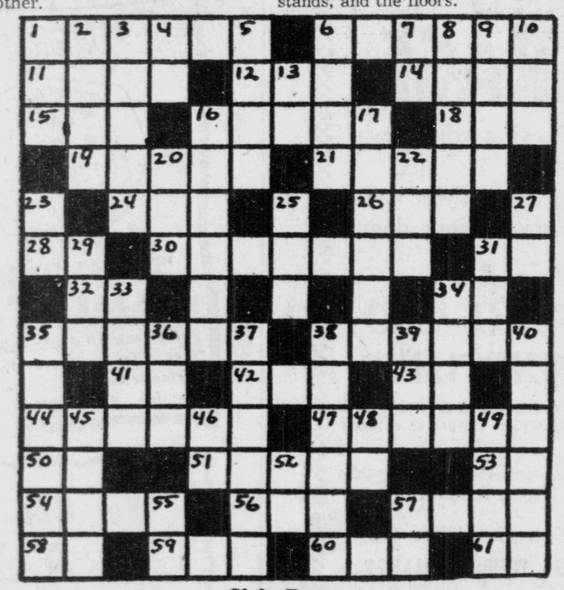

Leslie is an animal lover, and outdoor girl. She loves to ride horses, and she has a pet dog, Ginger.

Mrs. A. E. Roumaine of Chicago is the children's grandmother.

Jimmy Bliss, 10, solicits a vote for Miss B. Fain Tucker (Rep.) for judge in the Nov. 3 election, from his next door neighbor, Mrs. Charles Bennett, 501 N. Dryden, Arlington Heights, while his fellow "Tucker Team" member, Mary Elizabeth Cockrell, 8, looks on.

When the busy young lady in the picture completes her chore she'll have measured out the approximate amount of moisture—120 quarts—that a 3.3 ton all year air conditioner removes from the atmosphere of a house during a 24-hour summer period.

When Witches Ride and Ghosts Walk . . . It's Time to Take Pictures

COMING along right soon now is one of the biggest holidays in the year for the children. No, we don't mean Christmas, although that is not too far away, but we mean the night when the hobgoblins are abroad and ghosts and witches have their innings . . . the good old night of Halloween.

We thought we'd mention it in advance so you can have enough film and flashbulbs on hand for the trick or treaters, along with the usual assortment of cookies and candy.

The films and flashbulbs are for you . . . and I'd advise you to use them on the youngsters who stop at your door in their costumes. You will have a gallery of snaps that will bring down the house and, if you know who the children are, their parents, I know, would like to have extra prints made from your negatives.

I have one friend who sets up a regular studio in his home every year, complete with lights and everything, to make photographs of the small fry when they knock on his door and say "tricks or treats." His collection of pictures is really charming and some of the youngsters are cute as punch—and even cuter.

Of course, you do not have to set up a studio, just choose a relatively plain wall, or hang up a blanket for a background and use your flash camera. Get the children to pose for you by appealing to their imaginations; have them act out what they are supposed to be. A six-year-old pirate can be quite ferocious or mayhap it will turn out to be a ten-year-old ghost that you have before your camera. Whatever you do, don't just have them stand stiff and stark with the "I'm having my picture taken" look. Perhaps the six-year-old pirate can be shooting his cereal-top ray gun at the ghost.

If you want to be sure of a steady stream of visitors, just pass the word around that you will give a prize for the best costume—you'll have plenty of contestants.

CARDS HOST TO HINSDALE IN DAD'S NIGHT GAME FRIDAY

MAC SAYS

BY G. A. McELROY

IT IS ALL OVER except the celebrating in the Northwest conference, as we see it, but you could not make Ela-Vernon fans believe that.

ROONEY

Last year all they needed was a victory in the final game with Grayslake to win a championship, but a much weaker team held them to a tie.

This year Grayslake has not won a game, but Ela's coach, Bill Lehman, is not letting the fact get him or his boys over confident.

They remember last year and they also read in the papers such things as "Purdue wins first game by beating national champ Michigan State."

However, Ela demonstrated Saturday that they have way too much power and class for tail end Grayslake and seventh place grant in the two remaining games. The Bears are a game and a half ahead of second place Antioch and a victory Saturday clinches their first grid title. It helped Ela plenty when Antioch knocked off Glenbrook for now, due to Antioch's loss and a tie, the Bears just need to win one game. Glenbrook and Wauconda are tied for third with 3-2 records.

★ ★ ★

COACH PAT ROONEY of Grayslake had only a couple of regulars available this year and prospects at the best were below par. On top of that there have been so many injuries and ailments of one kind or another that the Rams have a group of boys on the disabled list who could beat the team now playing any day in the week. A good example of Rooney's bad luck is the fact that three players have been lost due to appendix operations.

★ ★ ★

ANOTHER SCHOOL of the Northwest conference will have a new gymnasium. Up at Grant high in Fox Lake a bond referendum for a big building addition passed Saturday by 21 votes. It was held on the school's homecoming after failing to get a favorable decision on two other Saturdays scattered over the last several years.

Grant has been operating on half day sessions the past two years and was about to lose their rating with accrediting agencies if the referendum failed.

★ ★ ★

ANTIOCH, GLENBROOK, Palatine, and Ela-Vernon have new gyms. Antioch played in theirs last season, but the other three will open this coming season. Grayslake has a regulation court in a building constructed during the war years. Wauconda, for years, has had the best gym in the conference.

The only one left is Bensenville and they will soon vote on a complete new building on a site large enough to properly handle a modern school program.

Bensenville has in many respects, poorer facilities than any of the other schools of the Northwest conference. This was true before most of the others started building programs. Bensenville failed once on a referendum to add to the old building. They will be in a bad situation indeed if a favorable vote is not forthcoming this time.

★ ★ ★

LITTLE ROY DE WITZ, Barrington's quarterback phenom, just set a North Suburban passing record with still two games to go. He has tossed 12 touchdown passes this season, breaking an old mark of nine.

Last Saturday he threw four scoring aerials and ran one over himself against McHenry.

The McMillan boy who has been playing a regular tackle spot for Antioch's strong team this year is the son of big Jim McMillan, former professional wrestler, Illinois star tackle, and mayor of Antioch.

★ ★ ★

PALATINE WILL HAVE season reserved seat tickets this year for basketball for the first time. A choice of seats in the center section of the east upstairs stands will sell for $7.50 for 12 games. Home opponents will be Hampshire, Dundee, Ela-Vernon, Leyden, Grant, Glenbrook, West Aurora, DuSable, Bensenville, Wauconda, Grayslake, and Antioch.

The home opener November 12 will be followed by the dedication game with Dundee on November 20.

The Northwest conference single admission rates of 75c and 40c will apply to all Palatine games.

★ ★ ★

ARLINGTON'S RECORD on the gridiron this year is two wins, four losses to date. Remaining games with Hinsdale and Maine with a possibility of a 3-5 final slate, except for "the breaks". And those breaks have affected the record of the Cardinals plenty this year.

Of nine touchdowns scored against the locals this season, five have been "unusual".

Deflected passes meant scores for both Barrington and Downers Grove. A 82 yard kickoff return counted for York. An interception and a punt return both scored TDs for LaGrange. Slow reaction on the part of Heights players have permitted most of these "breaks," but they certainly do not make a coach sleep better nights.

Then, too, there is the tip to Heights players that in every game the locals have scored the first touchdown, they've gone gone on to win. Question is, "why wait for the others to score first?" A 288-121 yards gained mark against York certainly proved the power is there, if fate only paid off on statistics.

★ ★ ★

SUCCESS STORY IN SEVEN WORDS: Globetrotters, Crystal Lake, afternoon, $800 local profit . . . Two "bosom buddies" through grade and high school days at Arlington Heights may find themselves on opposite sides of the basketball court this winter when Carthage plays Coe . . . Herb Gorder hopes to make the cage five at Coe, while John Eakins will aim for the basketball team after football is over at Carthage . . . Eakins saw action Saturday at all four backfield positions in his team's 45-19 rout of Central of Missouri . . .

First "250 club" winner in this area and taking $50 in the process was Bill Luebke in the Palatine House league . . .

LaGrange star Joe McRae will make another appearance on the Hinsdale basketball court Thursday night when the Globetrotters play an exhibition . . . McRae will then leave for service . . . Helping Argo open its new gym November 27 will be LaGrange cagers.

Pirates Aim For First Division With Victory

The Wauconda at Palatine double bill Friday night headlines the Northwest conference grid schedule for the week. The Pirates, winners in their last two games after suffering three straight defeats, must beat Wauconda to get into the first division. The visitors have a 3-2 record and potentially one of the best outfits in the conference.

Palatine has been coming fast in recent games. Lorden, Eck, and Duran have been playing great ball in the backfield. Big Len Rohde is getting better each game in the line and no one is taking him off his feet on defense.

* * *

WAUCONDA and Palatine have similar records against Glenbrook and Ela, each losing to both of them by one touchdown. Palatine also lost to Antioch whom Wauconda meets in their final game. Palatine's record against Grant and Grayslake of 33-0 and 26-0 tops that of Wauconda with 35-19 and 6-0.

There will be a doubleheader at Community Park starting at 6:30. With both teams reaching their peak this should be the best home varsity game of the season for local fans to see.

* * *

SECOND IN INTEREST in the Northwest over the week-end is the game between Bensenville and Antioch up on the gridiron of the Lake county school. Antioch has a well balanced team with many good backs and a pair of very fine ends in Phil Vos and Ben Floyd, the all-conference basketball ace.

Last week's 20-0 drubbing handed Glenbrook indicates the strength of the Sequoits who probably have a good deal too much class for Tom Meneguin's Bensenville Bisons.

Bensenville has three fine backs in Herb Brown, Allen James, and Gene Benhart, and several good linemen. The weakness of the Bisons appears on defense where they are slow in the line. In the last three games Bensenville lost to Wauconda, Glenbrook, and Ela-Vernon they have gained considerable yardage but always seem to have passes intercepted, fumbles recovered, or penalties just when they have had good scoring drives nearing the climax.

* * *

BENSENVILLE-ANTIOCH games are scheduled for a 6:15 double bill on Saturday night. Also on Saturday (at 2:30) Grayslake is a decided under dog at Lake Zurich where they take on undefeated Ela-Vernon who has a chance to clinch an undisputed championship.

Glenbrook, stunned by an unexpected 20-0 defeat at the hands of Antioch, takes on Grant, a team which has appeared to be on the down grade. Probably the Glenbrook boys will break loose with the touchdowns they should have scored against Antioch last week and easily whip the Bulldogs. They will play a twin bill starting at 12:30 on the Glenbrook field.

Next week-end November 6 and 7 the season will close with Palatine at Bensenville in a double bill on Friday at 6:30 and Grayslake at Glenbrook at 12:30, Antioch at Wauconda at 12:00 and Ela-Vernon at Grant at 8:00 on Saturday.

Dave Terrill, director of training, is shown above at left discussing the formation of the Northwest training club at Palatine as officials led the discussion Friday night at the Palatine fire station. With Terrill are, left to right, Dr. Justin Fleischman of Palatine, acting president of the club with his dog "Spunky", P. E. Thompson of Wauconda with his dog "Sam", and Becher W. Hungerford of Barrington, assistant trainer and his dog "Trudy". The club meets Friday evenings at 8 p. m. —Staff Photo.

First Call Monday for Basketball at Arlington

First call for basketball is being issued this week by Arlington Heights cage mentor Howard Lester. Boys not out for football or cross country will report Monday afternoon. Those in fall sports will appear a week later.

Maurice Klotz is once again handling the frosh-sophs while Carl Nelson will be coaching the freshmen at Arlington.

Coach Gay Hughes has had 30 boys working out the past two weeks for the gymnastics team, a year-'round sport, at Arlington Heights high school. He has also been putting 54 girls through their paces with a possibility of girls competition in the offing.

There is just one class in gymnastics this year, with 69 boys enrolled. First competition for the team will be at Navy Pier in Chicago December 12.

Frosh-soph candidates will report the same time as the varsity, but freshmen won't report to Coach Nelson 'til a week later.

Favor Evanston In Cross Country District Saturday

Arlington Heights high school has entered ten boys in Saturday's district cross country meet at Evanston, with seven of them slated to run for the Cardinal and White.

Favored among the eleven schools to compete is the host school. Evanston harriers bettered the state mark Saturday, running 9:22.

SCHOOLS competing at Evanston include Arlington, Morton, Maine, Elgin, Evanston, Leyden, Proviso, Oak Park, Palatine, Niles and Waukegan. Meet starts at 10 a.m. with the bus slated to leave Arlington about an hour earlier.

Going from Heights will be John Sheppard, Don Drever, Dave Ryden, Bob Rankine, Randy Thomas, Ray Hornbostel, Jim Fontaine, John Heintz, Lodiegard Reinke and John Caltagirone.

Ninety-one schools are competing in nine districts before the state finals. Peoria Woodruff is defending state champ.

Antioch Trips Glenbrook To Take Second

Antioch's Sequoits took over second place in the Northwest conference standings Saturday by soundly trouncing a strong Glenbrook eleven on their own gridiron, 20-0. The Kessenich coached boys from Lake county upset the dope bucket by scoring in each of the first three quarters for an unexpected victory.

Ben Floyd, all conference basketball center, caught a pass for one touchdown and Phil Vos snagged a pass for another. The third was a qaurterback sneak by Bill Terry after a long Antioch march. McGreal kicked two extra points after touchdowns.

* * *

WAUCONDA, touted with Antioch as two of the pre-season favorites, ran over Grant at their Fox Lake homecoming Saturday night 35-19. The Bulldogs ran up a 28-6 half time margin but Grant came back to outscore them in the second half.

Wauconda's alert defense snared five Grant passes to put themselves in scoring position. Tom Nolan grabbed one and ran 50 yards for Wauconda's fourth touchdown. Grant's most spectacular play was a 52 yard pass play from Bill Grenell to Ed Forman for a touchdown in the second period.

It was the third victory in five games for the winners, who still have a pair of tough opponents to meet in Palatine and Antioch. The defeat dropped Grant into seventh place.

Touchdowns: Wauconda—Fishback 2, Pintozzi, Meagher, Nolan; Grant—Forman, Grenell, Klaus.

Conversions: Wauconda — Bass 5; Grant—Klaus.

Northwest Sports Club to Meet Tuesday

Northwest towns sportsman's club's monthly meeting will be held Tuesday, November 3, at the American Legion hall, 122 W. Chicago ave., Palatine, Elmer Maywald, consulting engineer and past president of Oak Park sportsman's club, will be featured speaker, starting at 8:30 p. m.

A hunting film will be shown, with refreshments slated to follow the meeting. Interested persons are invited to attend the session. Frank Wood, 1145 N. Harvard, Arlington Heights, is president of the group.

Rolling Green Honors Caddies

Ninety caddies were guests of Rolling Green Country club at the annual caddy banquet held at the club October 20.

Don Odbert, caddiemaster and Mike Taylor, chairman of the caddy committee, presented thirty-six caddies with bonuses for caddying thirty five or more times during the summer.

A special trophy was presented Roger Engelking by Taylor. Roger made more loops than any other caddie, took singles or doubles, volunteered for odd jobs, and received many fine compliments from those he caddied for.

Ten caddies received western golf association honor badges: Roger Engelking, Dick Brodnan, Ken Leark, Wayne Haemker, Bob Getts, Tom Stephan, Bob Busse, Tom Muran, John Butts and Bob Hammerl.

* * *

TROPHIES for match and medal play tournament winners were made by Mike Taylor and Matt Jans, club pro, to: Ken Leark winner of the first flight and Bob Hammerl winner of second flight in the match play tournament in June. Medal play winners: Wayne Wolfs class A, Ronnie Vor Broker class B, and Charles Walter class C.

Roger Engelking, Ken Piepenbrink, Bill Lamping, Kent Kurtz, Ken Korcek, Bob Getts and Wayne Haemker shared the fifty dollar merchandise awards for the month of August.

Twenty eight caddies saw the Northwestern - Pittsburgh football game as guests of Matt Jans, club pro, and the Rolling Green Country club. Don Odbert, caddie master, accompanied the group to the game.

Basketball Begins

As the result of the playoff game between Mt. Prospect and Wheeling at Mt. Prospect last week, Mt. Prospect gained second place with a score of 13-5 in the Little 7 softball conference.

Basketball will begin shortly at Wheeling school, announced Principal Jack Norris. Because basketball is one of the most strenuous American sports, it will be necessary for those participating to have a physical examination to determine whether they are physically able to take part. More information will be sent to the parents about this later.

Dart Ball League

Immanual of Palatine is leading the Lutheran PAM dart ball league after another week of competition, whipping St. John of Elk Grove, 4-1, to maintain the lead over the two Heights teams.

Immanual copped the second contest of the evening when Gail Bach homered in the tenth inning against St. John to win, 4-3. Palatine made the rout complete by winning the third game, 4-2, with T. Walenter getting three hits in four times at bat.

Another even game saw Faith and St. Paul going into the tenth at 5-all until E. Behrens got on base on an error with W. Miller, Sr., singling him home. Margin was 6-5. Both Miller and G. Heidorn notched three safeties in five times at the plate.

Faith won the second game, 10-2, with W. Bach hitting three for four for St. Paul. Bach also starred in the third game, getting "4 for 4" as St. Paul won, 6-5.

Favor Visitors Against Arlington In Both Tilts

by BOB PADDOCK

The other half of the West Suburban league leading duo, Hinsdale, will oppose Arlington's Cardinals under the lights Friday night on the local field. Hinsdale and LaGrange held each other to a scoreless tie last week and lead the loop.

In the frosh-soph division, Hinsdale is just one game ahead of Heights, providing a big stake in the preliminary, too.

Final feature of the night will be the salute to dads of football players of both squads, in addition to the usual performance of the band, twirlers, etc.

* * *

SOME CHANGES will be evident in Coach "Bus" Ormsbee's starting lineup Friday night with either Bob Turner or Wayne Mueller at right offensive end, in place of Ken Lemke. Backfield will probably include Winterbauer at quarter, Wayne Brumm and Don Hoth at the halfback posts, and Roger Thomas at fullback.

Hinsdale has permitted just 19 points in league play this year, against 84 offensively. Downers scored 13, Glenbard 6 against the Red Devils. The former tallied 15 against Heights, the latter 18.

Hinsdale whitewashed York, 19-0 and Maine, and rate about a three touchdown favorite in Friday's encounter at Arlington.

* * *

THE RED DEVILS have shown no mercy in the past two years of competition since Heights entered the West Suburban league, trouncing the Cardinals 59-12 and 26-0. The frosh-sophs have split, however, with Hinsdale winning two years ago, 13-6, and Arlington taking honors last time, 12-7.

George Oles is carrying Hinsdale's scoring honors this year with four touchdowns. Both Don Hoth and Carroll Werner have tallied thrice for Heights, but Hoth has counted his last two conversions for 20 points, Werner, with another injury, may not see action against Hinsdale.

Notice to Dads

Attention all sophomore and varsity football dads:

Please call for your number at the table located south of the field when you arrive for the games Friday night. You will wear the uniform number of your son and sit together in a row inside the field while your son's game is in progress.

Slow Reaction, York Speed Cost Arlington A Ball Game

Slow reactions and York speed cost Arlington Heights high school Cardinals a chance to move into third place in West Suburban league play when the Elmhurst school took Saturday's decision, 13-7.

This week the Cardinals entertain league leading Hinsdale in a Friday night affair under the lights.

The frosh-sophs were tied, 7-7, at York and rest in fourth spot with a tough row to hoe in the two remaining games with Hinsdale and Maine.

* * *

BOB KRUSE ran the opening kickoff 90 yards for a touchdown to put York ahead Saturday afternoon. Not a Cardinal laid a hand on him, with a couple of the boys completely faked out of position.

From then on it looked like Heights all the way in everything except score until the final period when once again Kruse dashed 55 yards off tackle to the four. The speedy halfback scored from the two shortly after. Wally Strauch kicked the first point after, but missed the second.

* * *

ARLINGTON finally tallied on the final play of the game when Maher passed to Winterbauer, who tossed to Verret in the end zone for 38 yards and six points. Don Hoth kicked the extra point for Arlington.

Otherwise, the Cardinals outgained York, 288-121. They completed 9 of 20 passes, compared to York's 1 of 3.

The Cardinals led in first downs, 12-6. Both teams fumbled and recovered twice. Rushing yardage ratio was 158-113, passing 130-8. But the payoff is in points, not statistics, and the Cards dropped to a fifth place tie with Maine in the varsity division.

* * *

AERIAL ATTACK operated efficiently for Heights Saturday, but the team lacked speed, an attribute missing since the start of the season. Slow reaction to new situations has killed Arlington's chances in many a game, and the same held true against York.

"They're still a fine team," stated Coach "Bus" Ormsbee, "they work hard, have spirit, the best in a long time. We're hoping for a change in our remaining two games."

* * *

THE FROSH-SOPHS played a poor first half for Arlington at York Saturday, but revived the second to tie, 7-7. Coach John Ligon was ill, with assistant Dick Mudge leading the boys the first half. Mudge had to leave during intermission with Coaches Bill Beckman and Carl Nelson taking over the final two periods.

When Wayne Malzahn punted to the York three, fans were optimistic for Heights. But York didn't agree and marched 97 yards for a touchdown. Included was Otterman's 34 yard run off tackle for the TD. A dash for the point after was good.

* * *

THE CARDS threatened in the second period when a pass from Roger Boeger to John Sujack was good for 32 yards, but time ran out.

Sujack returned a York punt at the end of the third period 44 yards to the 15. The locals moved the rest of the way the next period with Jack Ebert going the final foot. Malzahn punted for the point after.

Rushing attack was not outstanding for Heights with Malzahn picking up 21 and Ebert 12. Total was just 29. In passing however, Boeger completed 3 of 3, Jerry Johnson 3 of 9. In yardage it was 72.

Rivalry Dates Back 63 Years

Gridiron rivalry between Purdue and Illinois, which reaches its thirty-fifth game Saturday in Champaign's Memorial Stadium, extends back to the very start of football at University of Illinois.

Purdue was first Big Ten opponent in Illinois history. The Boilermakers rolled to a 62-0 victory in that initial meeting in 1890. And Illini didn't fare much better the next five times, which brought three losses and two ties.

But Illinois must have learned its lessons well in those first six games, for the Orange and Blue then went on a rampage, and now hold an edge over Purdue, 18 games to 12, with four ties.

From 1897 through 1919 the two schools played 19 games, and Illinois lost only two. The Illini were victorious 15 times, with two ties, and thus after a belated start gained firm control of the ancient rivalry.

Purdue's 1943 victory, and the 1946 Illinois win involved the group that has been tabbed the Purdue-Illini. In 1943 six members of the Illinois varsity and frosh squads of 1942 were transferred to Purdue by the Marine Corps. All six became Boilermaker varsity regulars in 1943, when they trounced Illinois 40-21, and won a share of the Big Ten title. In 1946, five of the six—Joe Buscemi, Mike Kasap, Alex Agase, Frank Bauman, and John Genis—returned to help Illinois rout Purdue on wag to Big Ten and Rose Bowl titles. Only Tony Butkovich of the Purdue-Illini never returned. He died on Okinawa.

Palatine Whitewashes Grayslake Squad, 26-0

Palatine had little trouble winning their second shutout in a row at Grayslake Saturday, 26-0. The Pirates piled up a yardage total of 352 to their opponents' 37 and held Grayslake to one first down.

Juan Duran provided a sensational 58 yard run in the first quarter and Cornwell converted for a 7-0 lead which sparked the Pirates. Palatine tallied twice in the second period to put the game on ice. Alan Eck who advanced to third position in Northwest scoring made both touchdowns on short plunges to culminate long drives.

* * *

IN THE THIRD period Palatine again put on a long march with Douglas Hildebrandt plunging over from the three yard stripe. A pass from Ray Lorden to Lawrence Hapke added the point.

Leonard Rohde, 210 pound sophomore tackle, was again a standout for Palatine on defense. Palatine's leading ground gainers were Alan Eck with 96 yards for a 7.5 average. Juan Duran had the same average with a total of 52 yards. Ray Lorden gained 57 yards for a 5.7 average.

* * *

THIS FRIDAY Palatine meets Wauconda on the home gridiron at Community park in a doubleheader starting at 6:30. The following Friday night the season closes at Bensenville. Palatine needs to win both of these games to assure finishing in the first division.

Arlington Frosh Lose At Maine

Arlington's freshman football team lost to Maine Thursday, 13-12 when the young Cardinals were stopped 6" from paydirt on the Des Plaines field.

Official O. K. Wilson, baseball mentor at Maine, ruled Arlington's ball carrier had stopped before reaching the goal line, then fell across before being pushed back.

The loss put the Heights yearlings behind, 1-2-1 in season record with a game Thursday at Palatine and Monday against Hinsdale still on the docket.

Meinken ran 30 yards off right side after a 35 yard drive for Arlington's first TD in the opening period. Dan Vittum's attempted place kick for the point after was no good.

* * *

IN THE SECOND quarter Vittum snagged a pass from quarterback Dick Morand good for 65 yards and another TD for Heights. Good blocking by Wille, Henningsen and others paved the way for Vittum's run. Morand attempted to pass for the extra point but was trapped.

Second half was Maine's turn. In the third quarter, fourth and six on the 25, a diagonal pass to the left end was good against Coach Curtis Larsen's aggregation. In the final segment a pass, long run and several plunges counted again for Maine with another plunge making it 13-12.

It was then that Arlington was stopped inches short of the goal.

* * *

OUTSTANDING ball for the freshmen was recorded by guard Jim Hoffman, who made three-fourths of all tackles for Heights, and halfback John Wille, who played well on both offense and defense, and was a hard and enthusiastic runner in spite of his 128 pounds.

Many changes are certain to appear in the starting lineup, particularly at the tackles. Speed will be stressed against Palatine Thursday with "the ponies" taking over from the heavier starters.

The game was a rough one with Allan Ragland sustaining a concussion and Ronald Pratchen some cracked ribs. Both boys are out for the season. Dick Fischer suffered a cut nose, necessitating two stitches.

Arlington Harriers Whip York, 19-40

Arlington's cross country team won an easy victory at York Saturday, 19-40, as John Sheppard set a new course record of 10:26. John has been improving rapidly of late for Coach Russ Attis' thinclads at Heights.

Just one second back of Sheppard was Etherton of York. Next four places were copped by Arlington, including Don Drever, Dave Ryden, Bob Rankine, Randy Thomas.

Garnering points for York were Johnson 5th, Jordan 6th, Lund 10th, Bluwenschein 13th. Ray Hornbostel finished 9th for Heights, Jim Fontaine 11th and John Heintz 12th.

Old record of 10:29 at York was held by Les Long of Glenbard. Next meet is Hinsdale at Arlington Wednesday afternoon.

Just One 30-Game Winner in Baseball

The 38 minor leagues produced just one 30-game winner this season, writes Oscar Kahn in the Sporting News. Jack Swift of Marion of the Tar Heel league, whose 30-7 record was all the more noteworthy because there were only 57 pitchers with 20 or more victories, as compared to 88 in the charmed circle in 1952 and 104 in 1951.

Swift, 31-year-old righthander, also boosted one other achievement when he racked up 321 strikeouts to win a second crown as the whiff king of O.B.

Ela's Five TDs In 12 Minutes Enough To Take Bisons, 39-6

by G. A. McElroy

Ela-Vernon's undefeated football team scored five touchdowns in the space of 12 minutes Saturday afternoon to drub Bensenville's slipping Bisons, 39-6. It was Ela's fifth straight Northwest victory and their sixth for the season.

It was Bensenville's third defeat in a row after downing Grant and Grayslake.

The statistics on Saturday's game tell nothing for they show two evenly matched teams. In fact the Bisons made 10 first downs to Ela's six. The difference was that Ela had the scoring punch from out on the field as four scores were made from a distance of 22 yards or more from the goal.

* * *

AFTER A FIRST quarter in which the teams traded the ball back and forth by way of fumbles and intercepted passes, one of the most unusual plays of the season occurred. Glen Chaffin stood deep on his own 10 yard line and punted over the Bison safety man's head to the Bensenville two yard line where the ball was fumbled and Ela recovered.

With just one play left in the quarter Don Fenner went over for Ela on a quarterback sneak and Glen Chaffin kicked the goal.

The second quarter saw the Bears tally four times and run up a 32-0 half time margin. After the kick off Bensenville drove to the Ela 37 on a 35 yard run by Benhart and a 12 yard pass to James. Then Murphy of Ela intercepted a Benhart jump pass, one of six Ela snagged to stop the Bisons.

* * *

AFTER A 15 yard clipping penalty which set them back to their own nine yard stripe, Ela started a touchdown drive of 91 yards. In this drive the key plays were a run of 22 yards through the line by Don Prouty, a forward lateral good for 17 yards with Risi carrying, and a 15 yard run around end by Dan Gudgeon. The touchdown came on a pass from Fenner to Chaffin of 32 yards.

After Bensenville again got the ball they promptly fumbled to Ela on the Bison 22 yard line. Dan Gudgeon promptly ran around end for a touchdown. After Bensenville took the kickoff they had three incomplete passes in a row and then punted to the Ela 35 where Dan Gudgeon took the ball and, aided by perfect blocking, ran it back 65 yards for a touchdown.

As soon as Bensenville took the kickoff which followed, Murphy of Ela intercepted a Bison pass on the Bensenville 30. Don Fenner promptly tossed a pass to Glen Chaffin for the TD, who also kicked the point.

* * *

ELA TOOK the second half kickoff to their own 48 and marched down the field 52 yards to make it 39-0. Tom Rorke took a 10 yard pass from Don Fenner for the score and Chaffin split the uprights for the extra point.

In the final quarter D'hooge recovered an Ela fumble on their 43 and the Bisons rolled to a touchdown.

A pass of 24 yards from Herb Brown to Gene Benhart on fourth down was the key play giving Bensenville first down on the Ela 18. Benhart lost three and Allen James plunged for seven before Brown passed to Don Parks 14 yards in the end zone. Following the TD Bensenville pulled a short on side kick and recovered the ball. A run of 18 by James and passes to Benhart for seven and Parks for five had the ball on the Ela 10 yard line when the game ended.

* * *

DON FENNER was one of several heros for the Ela Bears. He threw three touchdown passes, scored one himself and recovered two fumbles and intercepted two passes. Glen Chaffin's 73 yard punt, two pass catches for touchdowns, and three conversions gave him one of the best games of a three year varsity career. Dan Gudgeon carried the ball only three times but gained 48 yards He also had a 65 yard punt return and two touchdowns.

The Ela line played outstanding ball. After Ela's touchdown in the first four minutes of the third quarter the majority of the regulars, including the entire backfield, were taken out and reserves finished the game.

* * *

BENSENVILLE had lots of yardage, particularly in the second half, but seemed to always lose the ball on a fumble or intercepted pass when they had a drive underway. Herb Brown of the Bisons had a net of 41 yards and Benhart 33, but the latter had losses of 30 yards on attempted passes which cut him down from 63. Don Prouty had a net of 46 and Dan Gudgeon 48 for Ela.

"LYNCH THE BARGAIN MAN" Says...
Perhaps You've Wondered How It's Possible To

SAVE UP TO 50% at BARGAIN CITY

HERE'S THE STORY:
We are often able to acquire brand new merchandise at far less than the original manufacturer's cost. This is, many times, the result of overstocked shelves, expiring leases, sheriff's sales or other unforseen events.

THIS MEANS we can, in turn, pass these savings on to our customers. That's why you can expect savings of up to 50% or more at BARGAIN CITY.
NATURALLY, we do not always have complete lines or size ranges but on the items we have that you can use, we guarantee you WILL SAVE!

Wallace Takes Over When TD Twins Stop

When Syracuse stopped Illinois' sophomore Touchdown Twins, J. C. Caroline and Mickey Bates, the Illini uncorked a secret weapon in Stan Wallace, senior fullback from Hillsboro. His amazing response of 115 yards in just five ball-carrying efforts puts him atop Illinois individual rushing statistics for the year.

Wallace hasn't been called upon often by Quarterback Elry Falkenstein, just 15 times in five games, but Stan has accumulated 190 yards for a 12.7 yards average.

* * *

CAROLINE, while held to his smallest yardage production of the season, nevertheless moved his total for five games to 734, just 95 yards short of tying Buddy Young's modern season record of 829. Bates was held scoreless for the first time this year but still is Illinois' leader with 48 points.

Falkenstein improved his passing record for the second consecutive week. He threw 10 times and completed six for 109 yards and a touchdown. This moves his 1953 record to 19 completions in 34 attempts, a .559 average. Four of his pitches have been for touchdowns.

* * *

END "ROCKY" RYAN strengthened his hold on the pass receiving leadership. He now has caught nine aerials for 182 yards and three touchdowns.

Caroline, who has handled bulk of punting assignments in the last two games, has kicked seven times, and he has a respectable 38.4-yard average.

Illini now have 142 points to 82 for Nebraska, Stanford, Ohio State, Minnesota, and Syracuse. Illinois leads 87-76 in first downs and 1891-1329 in net yards gained.

Count Plenty of Bass In Skokie Lagoons

William N. Erickson, president of the board of forest preserve commissioners, announces that several of the preserve lakes have recently been found to contain tood populations of large mouth black bass, bluegills, crappies and other desirable fish.

The forest preserve naturalists, with an electric shocking device and a crew of biologists furnished by the Illinois Department of Conservation, have been making a census of all the preserve waters open to fishing.

The shocker, mounted in a boat, merely stuns the fish within a width of about twenty feet, so that they float to the surface to be counted and examined before they recover and swim away.

The 190 acres of water in the Skokie lagoons west of Winnetka and Glencoe, in addition to carp, bullheads and panfish, were found to contain unexpectedly great numbers of big bass up to five pounds as well as innumerable young ones which are growing rapidly.

In the Future

Pour tap water into a plastic bottle, fit in a new ion-exchange filter, squeeze, and out comes water pure enough for batteries . . A new kit of light socket, pipe standard, reflector and fittings is designed for installation as an outdoor light by unskilled home hands —Tourists can get a card bearing tables which translate all principal varieties of foreign coins into U.S. values . . . A new camera takes a picture in a millionth of a second electronically.

Form Obedience Dog Training Club At Palatine

The formation of the Northwest training club which meets in the Palatine fire station every Friday evening at 8 p.m., ushers into this area another group organized not for profit but banded together to prove "a dog can be a joy to own and not a pleasure to be tolerated.'

The organization was started a month ago when some of the folks in this area met to form a club which could offer to prospective members various types of obedience dog training under a training director who wsa also a licensed American Kennel Club judge.

Instruction is now being given to members all the way from beginning novice up through advance utility and tracking exercises, which lead to eventual degrees as recognized by A.K.C.

* * *

UNDER THE present plan registration for the next new beginner's class which will start Friday, February 5, will be taken this coming Friday evening October 30, and will continue each Friday thereafter until the new class is filled, after which entries will be put into the next class to start.

Inasmuch as each new class starts every 3 months and is limited to only 12 dogs, it would be wise to make application early.

Prospective members must attend at least one training session before bringing their dogs. This enables them to observe the club's training methods and determine whether they are interested in enrolling their dogs —and themselves—for training.

* * *

OTHER requirements are that the dog must be a pure-bred and registered with the A.K.C. and be at least 6 months old. The person who trains the dog must be not less than 15 years of age and should plan to stay with the training for the first 3 months period.

Officers of the Club, all of whom donate their services, include Dr. Justin Fleischman of Palatine, president; Mrs. B. W. Hungerford, Barrington, secretary-treasurer; David W. Terrill, Palatine, director of training; Becher W. Hungerford, Barrington, assistant trainer.

Visitors to the training hall are welcome at all times.

Gas Home

If you have a gas heat permit, it might be wise to consider the installation of an entire gas appliance family in your home. Utilities point out that the more appliances in the home, the cheaper the gas rate. Gas for cooking, water heating, refrigeration, incineration and clothes drying may lead to greater efficiency and overall economy in fuel bills.

No. 1 Contender

Chicago's own Johnny Bratton, the No. 1 contender for the welterweight championship title, is scheduled to meet the champion, Kid Gavilan, in the Chicago Stadium Friday, November 13.

Like Him Or Not, Kid Gavilan One Of Few Pros Still Left

You either like Kid Gavilan, or you don't, but, one must admit that here is one of the few real pros left in boxing. As ruler of the welterweight division, since May 18, 1951, the Cuban Hawk is putting his title on the line, when he faces Johnny Bratton in the Chicago Stadium, Friday, November 13. Tickets are now on sale at the Stadium.

There is no doubt that he is a pleasure to watch in action, a thinking fighter who knows all the moves. He knows how to pace himself, to shift gears at just the right moment, and to solve an opponent's style. Only the fact that he found Sugar Ray Robinson at the top, when he got there, has cost Gavilan a niche among the all-time great welterweights.

* * *

HIS GREATEST asset, where he does rate among the best, is his ability to take a punch. Take the night that Gavilan fought Robinson for the title in Philadelphia. Sugar let him have it, a rippling right flush on the jaw. Yet, when the Robinson Bomb exploded, nothing happened. The Keed waded right back into battle. At no time has Gavilan ever refused glove traffic with any outstanding contender.

Right now with all of the rumors and whispering campaigns in the boxing world, that Gavilan can no longer make the weight, he's not in the least perturbed. For as the Kid himself says, "I make the weight eesy, for Bratton." After all, didn't Basilio have to make weight for Gavilan, in their title bout last September?

THIS OF course came as a great surprise to most boxing experts, who were of the opinion that Gavilan is on the downgrade. Of this the Keed shrugs off with a laugh, and explains, "I like now to fight as middleweight. After I beat Bratton, I like to fight Olson. Him I beat eesy."

But beneath all the smuggness and complacency, one can see the respect the champion has for the challenger, Johnny Bratton.

Now Is The Time To Buy Tnis Is The Place

$13,900.00 CAPE COD

Just outside Palatine on ½ acre this 3 bedroom, 1½ bath home with full basement, automatic heat, separate dining room, is a terrific buy. It's only 12 yrs. old and can be bought on contract as low as $3,000.00 down.

$14,750.00 RANCHO

Here is what we believe is best value in a brand new 3 bedroom frame ranch in this area. Room sizes are very generous, wardrobe closets in each bedroom, extra large cabinet kitchen with ample breakfast space. 3 coat plastered interior. It is located on a 55 ft. lot in Mt. Prospect near the new Fairview School. $3,500.00 down payment and $88.00 per month including taxes and insurance.

$17,850.00 CAPE COD

On the near northside, this attractive 2 bedroom masonry home with its separate dining room and very attractive interior, large screened porch, full basement, gas heat and 2 car garage will give you very comfortable living at low cost.

$18,900.00 BRICK CAPE COD

This very complete, quality built, full six room home is located on the South Side, just three blocks from the station and the South School. One bedroom and separate dining room down, 2 baths, one down, full basement, storms and screens, water softener, just about everything.

$20,000 TO $23,500 — RANCHES AND CODS

In this price bracket, we have an unusually fine selection of very desirable homes from which to choose. If you plan to buy in this price range, you'll be wise to examine our enlarged photo display with full and accurate descriptions.

$24,500 BRICK COLONIAL

Here is a fine 4 bedroom, 1½ bath home on the south side, just four blocks from the station, and only 5 years old. All 4 bedrooms are twin sized and one is mahogany paneled. Carpeting and draperies included. Attached garage is 32 ft. long, full basement, gas heat, and sixty foot lot. Could this be just the one you've been looking for?

$31,000.00 TACKETT COLONIAL IN SCARSDALE

This is one of those genuine center hall New England Colonials with three twin sized bedrooms. A man's sized ceramic tiled bath, powder room, separate coffee room, formal dining room and a 14x24 living room with fireplace. There is a most inviting recreation room, pine paneled tiled floor and a big fire place. It is beautifully located on wooded and landscaped grounds among other fine homes and excellent neighbors.

Campus Capers

At Normal

A conference on religion and life for students and faculty members of all faiths will be held at Illinois state normal university November 15-19.

This is the fourth time such a project has been undertaken on a university-wide basis. The last one was held four years ago.

General arrangements this fall are being made by a committee of 100 students and faculty members. Among students from this area serving on this committee is Bernard Brock of 30 S. Chestnut, Arlington Heights, who is a co-chairman to handle publicity.

At Iowa State

Norma Hartmann, daughter of Mr. and Mrs. Edward F. Hartmann, Algonquin rd., Des Plaines, has been pledged to Kappa Delta sorority at Iowa State college, Ames, Iowa. She was recently elected as junior panhellenic council representative.

Norma, who was graduated from Arlington Heights high school last June, will be remembered for her trampoline exhibitions. She gave an exhibition at the Iowa State homecoming before a crowd of 10,000 people.

Leads Illini Cheers

Jeannine Burnier, Arlington Heights high school graduate, is providing much of the pep at Illinois this year where she is senior girl cheerleader. She is the daughter of Mr. and Mrs. August Burnier.

At Lawrence

Miss Joan Bernthal, daughter of Mr. and Mrs. V. O. Bernthal, 1610 Brown st., Arlington Heights, has been named to the steering board of the religion in life conference at Lawrence college, Appleton, Wis. She will serve as hospitality chairman of the conference which will be held the second week of February on the campus.

Miss Bernthal, a sophomore, is a high honors student and a member of Sigma (freshmen women's honorary.) A member of Alpha Delta Pi social sorority, she is also secretary of the Lawrence United Charities.

At Kendall

Wally Grosch, 625 Worth St., Itasca, has been elected to the athletic committee at Kendall college, Evanston, where he is a sophomore. He was elected by the student council. The committee is in charge of promoting sports at Kendall and arranging for the annual sports award dinner at which the athlete of the year is named.

At Wheaton

Robert E. Schroeder, son of Mr. and Mrs. Herman H. Schroeder, U.S. Rt. 53, Palatine, has earned scholastic honors for the year

In Trade School

Robert K. Stueber, 219 S. Walnut, Arlington Heights has enrolled in Greer trade school in automotive and diesel mechanics in Chicago.

At Colorado College

Mary Leighton, daughter of Harold H. Leighton, 420 N. Cherry st., Itasca, is one of pledges to Kappa Alpha Theta sorority at Colorado college in Colorado Springs, Colo.

She is one of 88 new sorority pledges at the Colorado liberal arts co-educational college.

Pledge training for the CC girls will continue through the first semester, which ends January 31, 1954. Initiation ceremonies are scheduled for the end of February, 1954.

At Monmouth

A traditional event at Monmouth college is the annual presentation of Handel's "Messiah" in early December. Nearly two hundred students and townspeople will form the chorus for this community-college event.

Among the one hundred college students participating in the chorus is Marlene Ann Thoms, 64 Bristol Lane, Arlington Heights, a sophomore.

At Illinois Wesleyan

Miss Donna Hoym, daughter of Mr. and Mrs. Hugh Hoym, 721 S. Dunton, Arlington Heights, was selected for membership in Terrapin club, swim club at Illinois Wesleyan university in Bloomington.

Miss Hoym, who attended Arlington Heights high school, is now a freshman at Wesleyan majoring in Spanish.

Citizenship for Alien Vets in Armed Forces

Eased requirements for United States citizenship now are provided aliens who served in the armed forces since the outbreak of the Korean war.

The Illinois veterans' commission has reported new legislation applies to aliens who served, or will serve, 90 days or more between June 24, 1950, and July 1, 1955, and are discharged honorably.

These veterans may be naturalized on petition filed not later than December 31, 1955 if:

(1). They have been lawfully admitted to the United States for permanent residence, and

(2). They have been lawfully admitted and have resided in the United States for one year.

All age requirements are waived and the petition may be filed in any court having naturalization jurisdiction.

At Illinois College

On the Illinois college spring term honor roll was Frances Zollner, Rt. 2, Box 278, Ellis Ave., Bensenville, daughter of Mr. and Mrs. Frank Zollner, a graduate of Arlington Heights high school.

At DeKalb

Dale Bowman, the son of Mr. and Mrs. Donald Bowman of Bensenville, has been elected president of the senior class at Northern Illinois state teachers college, De Kalb. He is a graduate of Bensenville high school.

BROWNBERRY BREAD

And what makes Brownberry so very, very good? It's the way it's made . . . wholesome, home-kitchen ingredients are carefully combined and hand molded into plump loaves that are baked slowly and long for a loaf of bread that looks, smells, and tastes like home-made bread. Modern families enjoy the old-fashioned goodness of Brownberry.

MILLIONS OF PEOPLE ENJOY... CULLIGAN Soft WATER
on a SERVICE basis ... or with a HOME-OWNED model

Completely automatic! Simply turn your faucets for all the filtered soft water you want — The compact Culligan Service-type Water Softener, only 44-inches high and requiring less than a square foot of space, can be attached to your water supply at any convenient location. The initial service connection is quick, simple and low-cost. You buy no softener, do no maintenance work. Your local Culligan Dealer owns the Service Unit, and he takes care of it. At regular intervals the Unit is exchanged for a fresh, "sealed" one. You receive a small bill for the Service . . . and that's all there is to it!

Culligan sells water softeners which are "customized" to your family's needs — A water softener that you buy should be ideally suited to your particular requirements. Complete versatility is offered by five Culligan home-owned softener models. Each model has different styles and specifications . . . and a total of 54 different water softeners are actually available. This means that Culligan can provide a Unit which is truly "customized" to your needs. Most important, however, is the fact that we stand behind the products we sell. We are a well-established business, dedicated to community service.

Pride of the 1953 Universal Gas Ranges is this revolutionary "Dishwasher-in-a-Range." The mobile dishwasher is ready for use simply by rolling it out of the range compartment and plugging it in like a radio. It attaches to any sink faucet, requires no complicated installation or plumbing. The companion range is completely automatic and includes a 17-inch oven and broiler.

Dishwasher-Range a Feature of Universal

A Dishwasher-in-a-Range features the 1953 line of the Universal Gas Range. The revolutionary combination is a special adaptation of the popular James Mobile Dishwasher, which creates its own correct water temperature and pressure.

The dishwasher stores compactly into a compartment of a completely automatic gas range. To use it, the housewife merely wheels it from the storage area, attaches it to any sink faucet and plugs it in like a radio. It requires no installation or plumbing of any kind.

* * *

UNIVERSAL RANGES also include an advanced version of the Wheel-About model that proved to be one of the country's top favorites last year. The unit combines a completely automatic range with a removable storage cart that can be used to provide extra table-top working surface in the kitchen.

Another versatile unit in the new Universal line is the "Uni-Grille" model which features an aluminum grill in the center of the four regular surface burners. When not in use, the griddle may be lifted out to provide a fifth burner.

New Automatic Gas Ranges Give You Coffee When You Awaken

Now you can make coffee by remote control on a gas range. If you're one of those people who cherish that extra quarter-hour's sleep in the morning, you can now perk your matutinal java by simply putting the percolator on the burner the night before. Set a clock attached to the backguard of a new automatic gas range and your coffee will be ready when you get up.

Gas Appliance Dealers Show The Public The Latest Models

What's new in gas appliances?

You'll have an excellent opportunity to find out this week as gas appliance dealers throughout this area present their newest wares in an intensive program of demonstration and merchandising.

A preview of what you will find at your favorite local dealer is contained in the feature stories and advertisements that comprise this special section of Paddock Publications.

* * *

FEW INDUSTRIES anywhere have experienced a rate of progress equal to that of the U. S. gas industry and its related appliance field. For years natural gas was considered a nuisance by oil field operators and burned off as waste material.

Today natural gas has become a wonderful and versatile fuel that cooks food, heats and cools homes, dries clothes, preserves food and disposes of household waste. It is used in thousands of ways to fire the furnaces of American industry.

Placed end-to-end the nation's present-day network of natural gas pipelines would circle the globe ten and a half times.

* * *

GAS DOMINATES the fuel field in terms of residential usage. More than 30,000,000 American homes cook with gas. And gas utilities report they serve more than 10,500,000 with gas for all types of house heating. During the next few years completion of additional pipeline and storage facilities will give millions more an opportunity to enjoy the comfort of automatic gas heating.

Millions of American homes use gas for heating water and millions more utilize it to operate automatic gas refrigerators. Since the war two other major gas appliances have been placed on the market and their acceptance already is well established.

* * *

THE AUTOMATIC gas clothes dryer, hailed by many as the greatest addition to the home laundry since the invention of the washing machine, has become so popular manufacturers were unable to keep up with the demand at certain times during the postwar period.

*The gas incinerator, which elim*inates trips to the outside garbage can, quickly disposes of all combustibles, including bones and damp garbage. It can easily be installed in kitchen, utility room or basement.

The gas appliances described in this section and displayed in your dealer's store represent the newest means by which Americans are using natural gas to serve their requirements for better living.

Use Your Head To Provide New Twists To Mealtime Favorites

If you're one of those cooks who are always on the lookout for new and interesting twists in cookery to try out on guests and family, here's a column of suggestions you might do well to clip and file:

To give prune whip a touch of glamor, serve it with coffee-flavored custard prepared in a double boiler.

Next time you're whipping up a "quicker than quick" cake with instant white cake mix, add a little grated orange rind to the batter before you pop it into your gas oven. It's very tasty.

And here's something new to serve with grilled lamb chops. Take a glass of red currant jelly, add half as much chutney, juice of half a lemon, and a little salt and pepper. Heat the mixture and serve it hot.

* * *

YOUR GAS refrigerator will help you make this new "baked" coconut crust, a fudge-like chocolate version that's out of this world:

Melt two squares of unsweetened chocolate and 2 tablespoons butter in the top of a double boiler. Combine 2 tablespoons milk or water with 2-3 cup sifted confectioner's sugar and add to the chocolate mixture, stirring well. Add 1 ½ cups shredded coconut, and mix well. Spread mixture in bottom and sides of greased 9 inch pan. Chill. To serve, fill with ice cream or your favorite chilled pudding filling.

* * *

TO KEEP BREADED pork chops hot and crisp when not served immediately, place them in the upper part of a double boiler placed over the simmer burner of your gas range, with lower part filled with very hot water. Cover.

Corn-beef hash may be made differently by browning it in diced saltpork fat to which a diced onion has been added. The combination is terrific.

Before you put Sunday's leftover roast in your gas oven to reheat, cover it completely with lettuce leaves. You'll find it helps the meat retain its moisture and flavor.

Serve hot, cooked, pitted glazed prunes with ham, roast pork or pork chops. Prunes should soak overnight so that they are nice and fat, then cooked with a small amount of water over the simmer burner of your gas range. Toward the end of the cooking period, add sugar to taste.

* * *

IF JUNIOR is raising a fuss about drinking his milk, try giving him this mint chocolate milk and watch the "storm" change into a sunny grin.

Add 2 to 3 teaspoons instant sweet cocoa mix and 2 teaspoons peppermint extract to one glass of milk. Stir well. Chill in your gas refregerator before serving.

New refrigerator models of Servel gas refrigerator provide ice cubes that don't have to be pried out of the tray, because there isn't any tray. Cubes are formed in the shape of semi-circles and dropped into a plastic basket. They're ready for use—one at a time, or by the handful.

New Automatic GAS **WATER HEATERS** are FASTER

Only the speedy GAS flame heats water so fast . . . so economically. For clean hot water all the time, choose a new, completely Automatic GAS Water Heater.

It's Easier to Cook with a modern Automatic **GAS RANGE**

You'll thrill to the performance of today's GAS range. Latest models have automatic controls, built-in griddles, smokeless broilers . . . plus many other features to give you flavorful cooking with less work.

New GAS APPLIANCES are better than ever!

Now . . . Cubes Without Trays in the new, noiseless GAS **REFRIGERATOR**

No trays to fill . . . no trays to spill. The newest GAS refrigerator gives you an Automatic Ice-Maker plus giant freezing compartments and automatic defrosting. And the freezing system is guaranteed for 10 full years!

For easier, better living throughout your home . . . at lowest cost . . . install modern, automatic GAS appliances now.

Save More Time with an Automatic GAS **CLOTHES DRYER**

It's merely a matter of minutes to dry your clothes indoors . . . anytime with a new Automatic GAS Clothes Dryer. GAS gives you faster clothes drying for less.

Good-bye to Garbage with a new GAS **INCINERATOR**

Get rid of smelly garbage cans—flame your rubbish away with GAS. GAS disposal units are sanitary, silent, and like all other GAS appliances, economical.

Stuffed toys, playtime companions of little boys and girls, get a new lease on life with a mild bath soap and water, followed by a scant 20 minutes in the automatic gas clothes dryer. The treatment not only brings back their fluffy-new texture, but also assures mother they're germ-free.

Here's A Cook's Tour Of New Trends In Gas Range Design

Look up thew ord "stove" in the dictionary and you find it says "an apparatus in which fuel is consumed, for heating or cooking." This serves as the barest definition and is a far cry from what today's modern automatic gas range provides in cooking performance and convenience.

Constant research conducted by gas appliance manufacturers is paying off in vast improvements and some of the recent trends in gas range construction are truly revolutionary.

One of the latest ideas in gas range construction is separation of top-of-the-range cooking from the baking and broiling sections. This is so very new that only a few homemakers have adopted it, but if you are building a new home or renovating your kitchen, it might be well to look at the wide variety of gas ranges that are available today with top-burner arrangements, simmer burners, griddles, auxiliary ovens, smokeless broilers and automatic controls.

* * *

THE 1953 LINE of one maker includes models that feature single point ignition, a system of valves and controls which make it possible to light an oven or separate broiler burner from the same pilot that lights the top burners.

In presenting their new models manufacturers have remembered the thousands of apartment dwellers whose limited kitchen space must be utilized with maximum efficiency. For example, there's a 24 inch range which combines quality cooking with compactness. Its more glamorous cousin, the 30 inch gas range, has an extra large oven big enough for the festive turkey with room to spare for other dishes and plenty of room above for top-burner cooking.

* * *

IN THE INTEREST of saving space, one manufacturer has designed a range with space for a mobile automatic dishwasher to roll in on the left side under the cooking top.

Another space saving convenience available in many major lines is a full width high shelf at the back of certain models. It's handy for keeping foods and dishes warm and for serving. The shelf usually folds down or can be lowered when not in use.

The new gas ranges offer a variety of cooking facilities. Ranges with two ovens are included in the offerings of practically every manufacturer. An alternative to the second oven is a high broiler which is on a level with the oven and deeper than the usual broiler. It's perfect for barbecuing larger cuts of meat. Adjustable broilers also are available. These are equipped with a device which enables the housewife to adjust the broiling pan to five different positions without handling the pan itself.

* * *

ANOTHER POPULAR feature on many ranges is a griddle built into the top of the range, with an accompanying indicator to tell the degree of heat. Some manufacturers provide a cover for the grill; others offer a metal shield which protects the remainder of the range from spattering fat.

There's a rainbow of color, too, in the 1953 gas ranges. You may have a new range with a top of traditional white porcelain, chrome or gleaming black. Deluxe models are enhanced with gold or chrome trim. Colored handles accent other models and if you want to go all out, you can take your new range entirely in color.

Automatic oven and broiler ignition is one of the features in this deluxe model of the 1953 Roper gas range. The staggered arrangement of surface burners makes it easy to accomodate extra-large cooking utensils simultaneously.

Hamilton's Fabri-Dial Offers Fabric Safety

Nylon, Dacron, Orlon, Dynel—just a few of the exciting new fabrics that have captured fashion designers everywhere. They're lovely to look at, inexpensive to wear, and wonder of wonders, washable.

They do, of course, require special laundry care. Most manufacturers include suggestions for washing, but drying directions are usually overlooked or covered by the catch phrase, "drip-dry." And that's a slow, messy process.

But now there's a better way. Hamilton, the original automatic gas clothes dryer, has introduced "Fabri-Dial" a completely new type of temperature control which permits perfect conditioning of the new fabrics.

Fabric types appear right on the Fabri-Dial. By dialing the fabric you intend to dry you automatically select the perfect drying temperature. To dry synthetics, for example, you simply turn the Fabri-Dial to synthetic for the low, controlled heat that these precious fabrics require.

Don't Count on the Weather for Drying

Any day is a good drying day when you have an automatic gas clothes dryer to speed up the family laundering, but how about your weather chances when you rely on the backyard clothesline?

U. S. Weather Bureau statistics show rain or some other adverse condition on 23 of any 52 regular washdays of the year.

Decide on any day as washday, try to stick to it through the year and it will be found that the weather is not right on almost one-half of the days.

Natural Gas—Yesterday And Today

As old as ancient history—as new as the atomic age—that's the story of natural gas from its beginning to the present day.

The ancient Greeks first discovered natural gas when they noticed goats became dizzy when they strayed near fissures in the rocks. Later, temples were established at these spots and oracles were able to go into "trances" when breathing the seeping gas.

* * *

THE CHINESE used natural gas on a commercial basis more than 3,000 years ago for salt production, and a German was responsible for the Bunsen burner, the basic device around which all gas appliances and industrial applications are built.

Today natural gas is well known as the producer of the tiny blue flame that cooks most of America's food and provides the source of heat for home heating systems, water heaters, incinerators, clothes dryers. Refrigeration and all-year air conditioning are two more of its popular contributions to better living.

* * *

NOT WELL KNOWN is the fact that the versatile fuel is one of industry's most efficient and economical sources of heat. The super-hardness of tank treads and tank armor are possible only through application of intense gas-produced heat. Giant 30 inch TV tubes depend on gas for their completion. The world's smallest furnace—no bigger than your clenched fist—uses gas to harden rubber-coated electric wiring.

There are more than 25,000 adaptations of natural gas in American industry. And this tabulation does not include an entirely new industry, petrochemistry, which uses natural gas as a raw material for the manufacture of a completely new group of waterproof, shrink resistant, creaseless fabrics now available in shirts, dresses, suits, underclothes and hosiery.

* * *

TODAY'S new automatic gas ranges enable the housewife to prepare a complete meal, pop it into an oven, leave the house and return hours later to set properly cooked food in front of the family.

Gas clothes dryers speed up home laundry chores by drying clothes in all kinds of weather, and efficient waste disposal is made available to home owners in the new gas incinerators which consume damp garbage, trash, bones, and all kinds of combustibles.

* * *

RECENTLY one maker of an automatic gas water heater developed a new product which supplies two different temperatures of water for different jobs: 170 degrees for laundry, 120 degrees for bath and kitchen.

This year the Gas Refrigerator is featuring an automatic icemaker which turns out cubes without old fashioned trays. Ceramic styled room heaters, tinted ranges, interior lighting in ranges and gas dryers, and dryers equipped with ultra-violet light are among the other new features in gas appliances at local dealers, or soon to be released by manufacturers.

How Icemaker Makes Cubes Without Trays

Thirty years ago they learned how to freeze ice cubes in a refrigerator. And ever since then they've been thinking up ways to get them out.

Some of the most inventive minds in the world have pitted their ingenuity against the ice tray. Nearly a thousand patents are on file in Washington, each one a different way to separate the cube or the tray from the refrigerator.

There are plain trays and double decker trays, rubber trays and metal trays, trays you twist and trays you bend, trays with triggers and trays with jiggers. But every tray has one thing in common: you have to fill it and you have to empty it—by hand.

* * *

A NEW PHASE of the ice age has arrived. Servel—long famous as the country's only producer of gas refrigerators—has introduced an "Ice Maker" refrigerator that eliminates the ice tray. The icemaker freezes ice cubes, stores them in a basket, and automatically replenishes them as they are used.

Even the traditional shape of the ice is changed. This "new ice" is formed in glass-fitting half moons, or "ice circles," rather than old style cubes.

* * *

HERE'S HOW the icemaker works:

First a measured amount of water flows into the mold. When it freezes, a small heater loosens the circles and ejector arms sweep them out of the mold and hold them at the top of the unit in the freezing compartment until they "dry." Meanwhile more water flows into the mold.

With the next cycle, the ejector arms turn again. This time the ice circles drop into the basket where they remain dry and loose: the ice in the mold is raised to dry, and more water enters. These cycles continue until the basket is filled.

* * *

A SIGNAL ARM automatically starts and stops the operation of the "Ice Maker." It does this by "feeling" the ice supply, stopping when the basket is filled and starting up again when enough ice circles have been removed to lower the arm.

The entire "Ice Maker" unit takes up no more room in the freezer compartment than do the customary four ice trays. But the basket holds far more ice.

How to Make a Hot Sandwich Easily

A hot sandwich and a cold salad make a fine luncheon combination. To make a hot sandwich, dip the sandwich with its meat, fish, poultry or cheese filling into the same egg batter you use for French toast. When both sides have absorbed some of the batter, fry on a lightly greased griddle until both sides are golden brown. Serve at once with crisp relishes or a tart salad.

Illustrating the modern trend of combining the kitchen with the laundry, this new gas kitchen includes a complete battery of dependable gas appliances. The flat- topped laundry appliances provide welcome working area when they are not in use.

Although you probably never give it a second thought because it's so quiet and so constant, your gas water heater is important to your baby's health and well-being. Recent studies indicate the average family of four requires 50 gallons of hot water a day. Does your equipment meet this need?

Gas Pipelines

Natural gas pipelines in the United States now total 342,500 miles and are increasing at the rate of more than 5,000 miles per year.

Baby Boom Here Points Up Home Equipment Woes

Though there'll always be a change in the weather and a change in the seasons, the biggest change of all this year in Illinois will be in diapers.

The U.S. bureau of vital statistics is father to this thought since its records show that during the first seven months of the year 114,875 births were recorded in the state. And this bumper production shows no signs of let-up since there were 18,545 births registered in July alone.

* * *

GAS APPLIANCE people, who make studies of these things, say that changes in the homes of these Illinois new-born are considerably more far-reaching than those demanded almost hourly by the infants themselves.

In fact, the gas appliance manufacturers association says when a new baby takes over in the average home, the hardest hit appurtenance of all—aside from the parents, of course—is the hot water system. That's because 12 to 18 freshly laundered diapers are required in a 24-hour period in addition to normal hot water demands for bathing, cleaning and dishwashing.

* * *

AT THE BOTTOM of all this is the too-frequent tendency of homeowners to install undersized heaters, GAMA points out. Where heaters are of sufficient tank capacity, there's no need for Father to sacrifice his hot shower or shave, or for Mother to neglect the dishes or family wash just so the diaper demand can be met.

Outdoor drying—dependent as it is on the vagaries of weather—is another thing that changes with the arrival of a baby since dry diapers must be available rain or shine. That's one of the main reasons, GAMA says, for the tremendous growth in popularity of the gas clothes dryer. It will fluff-dry a full day's change of diapers in 30 minutes and simultaneously keep Mom from keeling over from exhaustion from trotting in and out to the clothesline with another bundle of wash.

* * *

AND THERE'S ONE final thing that should change for the better with the arrival of the baby—the climate, if it isn't already as good as modern home-heating apparatus can make it. That's the reason, GAMA claims, there's such a trend to gas heat in new homes since many gas-operated heating systems distribute controlled warmth through a duct network which can be used also for sending cool, filtered air through the house during the summer. This means year-round comfort and elimination of dust, smoke and odors from the atmosphere.

And that, GAMA remarks, is nothing to be sneezed at!

New Role for Gas Range; Odd Job Cookery at Home

When you're buying one of those sleek new gas ranges, don't throw the old one away.

That's the advice of expert home economists who suggest retiring it to special duty in the basement while the new automatic job with the clock controls, single-point ignition, double oven and so on, takes command in the kitchen.

The experts point out that there'll always be canning and deep-fat frying to do, or preparation of lunches for the children when they play in the cellar on rainy days. So save steps, they urge, by installing the old veteran right at the scene of action.

What about herds of relatives and friends who come to Sunday dinner and crowd your cooking facilities? No trouble at all, you'll find, if you divide the cooking chores between the two ranges.

Furthermore, the old stove in the basement which, appliance experts say, can be reconditioned and relocated at a nominal cost, provides a means of keeping the odors of especially gamey foods out of the living room.

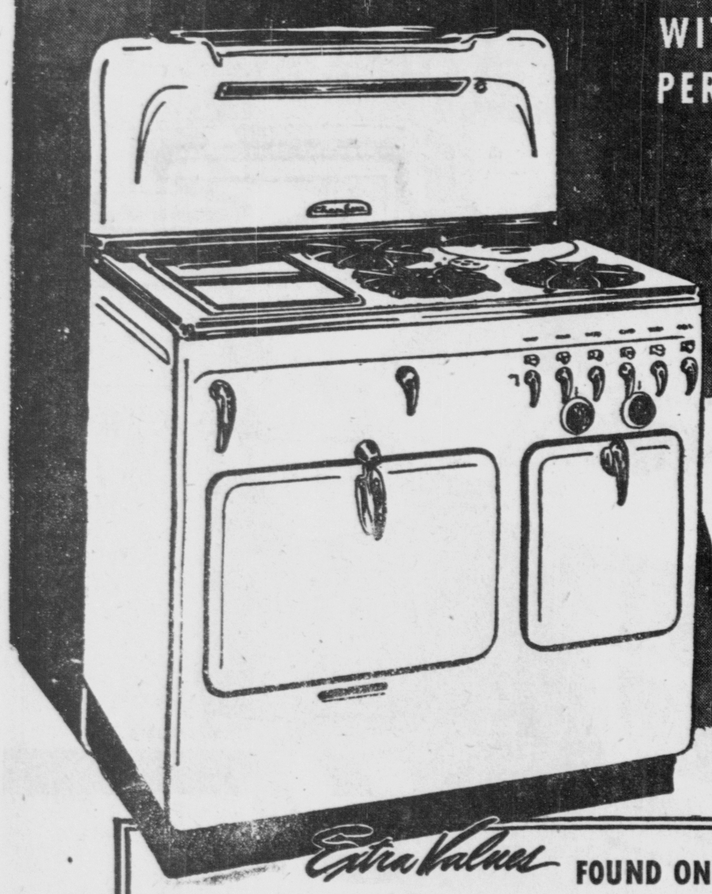

Actually, they say, old stoves never die. They just keep right on cooking—with gas.

According to the manufacturer, the "automatic ice-maker" was one of the refrigeration industry's best-kept secrets. Before its introduction this year, it was under development and testing for seven years.

What To Do About Gas Appliances Before Vacationing

Leaving for a vacation? Here's a checklist of what to do about your gas appliances. In most cases you won't have to do anything at all, but a little loving care before you leave might be in order.

Clothes Dryer: See that the lint trap is clean. Turn the dryer off. Leave the door ajar.

Gas Heating: It's advisable to keep the pilot light in operation throughout the summer to help prevent moisture damage. The expense of maintaining the pilot light is negligible.

Range: See that all units or burners are turned off. You may like to leave oven and broiler doors ajar so that moisture won't accumulate on interior walls. Be sure gas pilot lights are properly adjusted.

Refrigerator: Leave it running. Remove and discard foods that might spoil during your absence. Defrost, wash and dry the interior. If you prefer, set it at a temperature less cold than you ordinarily use. If you are leaving food in the freezer compartment consult your direction book for the proper setting.

Hotcakes, ham'n eggs, and every other griddle specialty are easy to turn out on the surface griddles of the new gas ranges. In many cases the griddles are easily removed to provide more surface cooking space.

Off-Street Parking Lot

The Downers Grove village council unanimously approved a resolution for the purchase of an off-street parking lot on Gilbert ave.

The property was purchased at a cost of $27,500.

Target date for the opening of the newly-acquired lot to the public was set at May 1, 1954.

Approximately 30,000 feet of the property will be converted for parking purposes for 100 cars.

Experts List Designs In New Kitchen Plans

Are you satisfied with the shape your kitchen is in? If not you can choose from five different designs when you decide to remodel your present "work shop" or plan your new home.

According to the kitchen experts there are five basic shapes in modern kitchen arrangements. They include U-shape, L-shape, S-shape, single-wall and two-wall. With these five drudgery-defying plans to start her off, the modern homemaker can make endless variations to suit her own tastes or comply with the space limitations of her particular kitchen.

U stands for Utopia in modern kitchen planning, according to most authorities. It features work centers placed in sequence and connected by counter surfaces.

* * *

THE TWO-WALL plan, also referred to as the pullman or galley kitchen, is adaptable to small areas. It's really a corridor plan with work areas against the two walls. The one-wall kitchen is, recommended only for bachelors and career girls, since storage and work space is sparse. It combines refrigerator, range, sink and storage area in one unit.

S, which doesn't stand for scullery since modern appliances moved in, is really a staggered two-wall plan. L-shaped kitchens rank high in the recommended list of the experts because they permit continuous working surfaces.

In the modern kitchen, the range refrigerator, sink and food preparation areas are known as work centers. If these centers are intelligently planned, the housewife can save needless steps in meal preparation and after-meal clean-up. The counter space allowance between work centers is usually two or three feet except in small apartment kitchens.

KITCHEN PLANNING consultants agree the most suitable location for the sink is beneath a window, between range and refrigerator centers, but the housewife should make her own decision about sink placement, dependent on her work habits.

For easier handling and storing of foods, the refrigerator should be placed near the kitchen service entrance. It's also a good idea to have the refrigerator door swing away from other kitchen centers.

Nearness to the dining area is the preferred location for your new gas range. This spot will make for easier serving. A kitchen ventilating fan should be installed directly above the range.

* * *

COUNTER SPACE should give a continuous even-line working surface. Covering of these areas should be single-stripped to eliminate strap bindings which collect moisture and dirt. Whenever possible a minimum of 18 inches should be allowed on each side of the range, refrigerator and sink.

Cooking utensils should be stored in cabinets near the work centers in which they are used. Frying pans, potato masher and ladles, for example, should be placed in cabinets adjacent to the range.

Air Conditioner Now Aimed At Low-Priced Homes

All-year air conditioning for homes in the moderate price range are being produced this year by Servel, Inc. in the form of a new, two-ton gas-fired unit capable of providing summer and winter air conditioning for an average six-room home.

The two-ton unit performs every function of air conditioning for homes containing up to 1200 square feet of floor space. It fills requirements recently set by the nation's builders, who were seeking a practical system for low priced homes. The desirable points as outlined by the national association of home builders include:

* * *

Cost: Not over 10 per cent of the home's price.

Dimensions: Unit to occupy a maximum of 12 square feet of floor space.

Sount: Quiet operation necessary because of difficulties of isolating noise in a home.

Installation: Preferably delivered as a unit instead of being assembled on site.

* * *

MAINTENANCE and life of unit: Low and long.

The new Servel model requires only 8 ½ feet of floor space and is only 75 inches high. Its unique gas-operated absorption unit provides needed quietness of operation, long life and low installation and maintenance costs. It is delivered complete, less ductwork.

Introduces Table Top Water Heaters

A completely automatic gas water heater plus a convenient step-saving work center is featured in two models of the Rex table top water heater.

Designed for flush-to-the-wall installation in kitchen or utility room, the new heaters are contained in cabinets of gleaming white baked enamel finish. All controls are concealed, but readily accessible.

The table-top heaters are available in 20 and 30 gallon sizes.

Cooling off a warm refrigerator upon your return costs more than you think. However, if you are going to be gone for at least six weeks it probably will be more economical to wash, dry and disconnect the refrigerator.

Gas Water Heater: Leave it on. It's wonderful to have hot water waiting for you when you return from your trip. Lowering the thermostat will save you practically nothing. When no water is drawn off it costs very little for the heater to maintain the proper temperature.

JUST AROUND THE CORNER

FROM PATTY McARDLE

Dear Peg:

I am writing to you from Indianapolis, where the girls and I are spending a few days with "Nana." After a morning of vigorous activity, raking and burning leaves, they are now sound asleep upstairs and I can relax and jot this note off to you.

The church to which mother belongs, as a means of increasing its building fund, has been selling books of tickets entitling the purchaser to attend four foreign films, shown in the church auditorium. The first movie of this monthly series, a French film, was shown last night and since mother had an extra ticket, I was able to go.

★ ★ ★

"THE BAKER'S WIFE" is a story about a baker who, proud of his fine bread, goes along supplying his villagers daily with their favorite food, until, all at once, his beautiful, young wife runs off with a dark, curly-haired shepherd.

It takes quite a few scenes for the poor old baker to believe that his wife isn't just over at her mother's, but when he finally does, he decides not to bake even one little bread stick until she comes home. This decision throws the villagers into utter panic, they organize a search party, and in short order get the sultry beauty back to her forgiving husband.

I THOUGHT THIS MOVIE incredibly slow-moving, dull and unbelievable. The baker's reaction to his wife's departure was confounding. The wife's sudden infatuation with the shepherd, who did nothing but stand in a corner of the bakery shop and leer at her, was nothing short of ridiculous. And the scene after scene of street corner conversation, in rapid French, between villagers almost lulled us to sleep.

Although I realize that a good deal of the impact of any European film is lost in the three or four word English captions, most of us are forced to read, I still don't think this plodding film had anything to say any way.

My love,
Patty.

P. S. According to the New Republic, "You will not want to miss 'The Baker's Wife,' a comedy made with a great deal of zest by Marcel Pagnol. The baker is Raimu, who works before the cameras out of some uncanny divination . . ."

Theatre Arts said: "Raimu endows the part with the sadly comical quality of a French chaplain and he has the added dignity of bulk."

And the New Yorker: "It has humor and tenderness and tremendous charm . . . there is a quiet serenity about this comedy which enhances the attraction."

I'm not sure we saw the same movie.

Contemplating A New Home Soon? Here Are Hints To Cut The Costs

If you intend to build a new home soon, you probably already have been warned that you will end up paying 20 to 40 per cent more for your dream home than you planned to spend.

Unfortunately, it happens quite often. People do go over their construction budgets. But it need not happen to you. You can put a ceiling on your construction in today's market when prices of most building materials are fairly stable.

★ ★ ★

THE SECRET is in good basic planning. You can't delegate all the planning to someone else. Even if you hire an architect, or buy a complete plan from a good planning service, you still must sit down and do some careful analyzing.

Others can give you advice. But no one knows your family needs and habits better than you do. You can't let someone else decide what's best for you.

If you study the blueprints in light of your requirements, you may find important features are missing. Then is the time to change—while the plan is still on the drawing board—not after construction is well under way.

YOU CAN STOP a lot of mistakes before they happen, and prevent a lot of serious omissions. But you must know your plans. Don't start changing windows and doors after the house is half built. Change them on the plan where the only expense is for a little time and paper.

There are a few basic points to keep in mind. First, a small house can also be an expensive house. You can have bay windows, the living room can have two levels, the kitchen can be on the opposite side of the house from the laundry and the bathroom can be on yet a third side, you can have lots of cabinet work, you can specify casement windows instead of double hung.

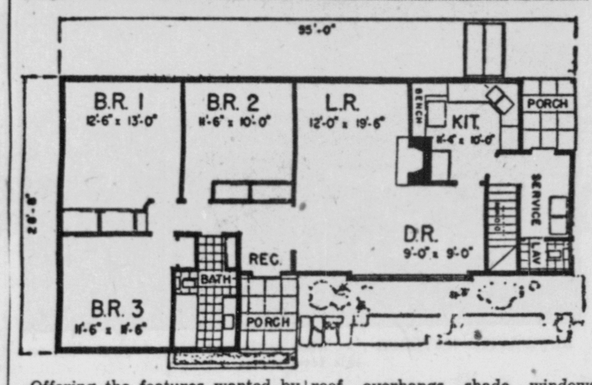

ALL NICE, but also expensive. You run up costs when your floor plan varies from a simple rectangle or square. It costs money to build corners. The more corners the more expensive the house.

Second, choose your materials before you start. If you don't and pick them as you go along, you may end up short of funds and have to skimp on such important items as light fixtures, hardware and kitchen cabinets. When you skimp on them it really shows.

Study all the materials closely. Consider saving by using materials that do several building jobs at once. Insulating siding, for example, when used for exterior sidewalls provides insulation, needs no painting or staining, adds strength to the wall. Comparable materials are available for interior walls. They soundproof, insulate, come already decorated.

New Ideas In Homes

Offering the features wanted by most home-buying families today, this three bedroom, ranch style dwelling is Plan 709 of Walter T. Anicka, architect, 617 Forest, Ann Arbor, Mich.

Exterior treatment consists of horizontal siding with vertically lined material on gable ends. This decorative effect is continued by emphasis of the vertical members in window and door framing. The roof is of colorful asphalt shingles. The architect recommends pastel roofing to attract the eye and make the house seem taller. Wide roof overhangs shade windows from summer sun.

The three bedrooms are grouped separately from living quarters. The combination living room-dining area is spacious. A separate service room, opening off the kitchen, is an "extra" not usually found in a home of this size.

Overall dimensions are 55 feet by 28 feet 8 inches. Floor area is 1,250 square feet, a figure useful in making preliminary cost estimates. A garage, not illustrated, is optional. It would be attached to the kitchen end of the house.

Editors Dine on White House Fare

Our "traveling editor" has returned from his Odyssey in the Atlantic and will be back in editorial harness Monday.

I had dinner the other night in the admiral's cabin that was prepared by a former White House cook. The admiral of cruiser division four is using the Baltimore as his flagship. He is Robert L. Dennison, who was Harry Truman's naval aide five years, and accompanied him on his trips about the country.

Of course no liquor is allowed on board ship in the navy, but following the dinner we spent nearly an hour drinking coffee and getting "off the record" anecdotes of those five years. It resembled a White House press conference.

Many of the things that the admiral told us, cannot be included in this column, but here is one tidbit.

★ ★ ★

BEFORE PRESIDENT Truman delivered an address and it's released to the press prior to its presentation to the public, a number of persons of the government who were experts on the subject, would sit in on a prevue.

Frequently they would red pencil a word or a phrase. Often it would be something Truman thought appropriate and effective. It would be eliminated from the official manuscript, but the reporters who accompanied the president on his trips knew there was a good possibility the censored words would be "ad libbed" by the president.

The reporters could not lay in their bunks and depend upon the official copy handed to them, to be the official report.

★ ★ ★

ONE OF ADMIRAL Dennison's duties on the trips was to look over the copy prepared by the correspondents before it was released.

Regardless of the personal opinions of the correspondents, some of their newspapers were anti-administration. Correspondents were not expected to apologize for what they "had" to write.

However, there was one reporter accompanying the party on an ocean trip who, in an attempt to write a feature about fantastic injuries received by persons partaking in the ceremony when the equator was crossed, stretched the truth so much that although the story was forwarded to his newspaper, it brought down the ire of the press secretary, who called all the correspondents together and proceeded to read the riot act to the offending correspondent.

The press secretary fairly burned the hide off the guilty man, but a greater punishment was the silent treatment given him for the rest of the trip by his fellow writers.

★ ★ ★

ANOTHER STORY concerns the late President Roosevelt. One day he told press secretary Ross he knew he had pulled a fluke by something he had said and asked Ross to get him off the hook. "That's easy," said Ross, "just deny you ever said it."

Many reminiscences of World War II are heard when an editor can prevail upon one of the officers to tell his World War II experiences. Commander Bassett, Jr. told us a bit about the 3 ½ years he was a prisoner of the Japs, after a bomb exploded alongside of his ship, sinking it.

The war was over nearly a month before his group of prisoners knew it. Their guards were largely Japanese farmers. When they suddenly left, the prisoners sent out a scout who met an American scouting party.

In the Future

A line-at-a-time reading glass, extruded from transparent plastic, can be ordered in whatever multiple of three inches fits your needs . . . Circular TV antennae which look like weather vanes are said to give better reception than conventional kinds . . . Duck hunters can get a rubber-fingered attachment, for an electric drill, to pluck this season's kill . . . New fast-drying aluminum paint doesn't begin to oxidize until the temperature passes 1200 Fahrenheit . . Small sports enthusiasts can get ready-inflated plastic footballs for 20 cents.

Brides-to-be

Dennis LaSota, Des Plaines, Marjorie Riedl, Chicago.

QUITE CONTRARY

BY MARY

The woman who is over thirty causes advertisers, beauticians, stylists, and dress designers grave concern. The woman who is over forty causes these good people to have hysterics. The poor female who happens to have hit fifty makes them go right out of their minds.

They struggle and strain to cover up all tell tale marks of age. They cover up the crows feets (or is it foots?), the enlarging waistline, the spreading hipline, the crepey neck, and the graying hair and forget the most important part.

It seems to us that the best thing that us elderly females could do to regain that youthy look is stand straight and walk tall. It is something that can be practiced at home and, best of all, it won't cost a cent.

•

We went to a woman thing last week and just sat and watched the ladies file into the the audience and take their seats. There was a plethora of good little dresses and each little dress was wrapped around a human question mark. Style, in our very humble opinion, is strictly a way of holding the old human body upright and propelling it forward in the most attractive way possible. Charm school is now out for the day.

•

We had a case of dognapping in our neighborhood. At least there is every reason to believe it was dognapping as one minute the pup was there and the next minute it just wasn't and someone was seen taking it. We are led to wonder on the state of a human mind that would abscond with a puppy. Puppy got loose and went home so we have a happy ending.

•

We were beginning to think something had been left out of our nature in that we fail to love all little children. We like our own and there are others that we think are just fine. But, the whole race, of small ones that is, does not cause a fond smile to light our face. It has been our observation that those who get steamy eyed over all youngsters are usually the ones who have none and wouldn't be caught dead trying to adopt one. Show us the poor harried mother who has never, never screamed imprecations at her brood and wished she could give them away to some passing trader and we will show you someone who is either saintly or insane. We have spoken.

Some Signs of Turndown Showing over Country

The consumer, he of the apparently bottomless purse, is shoring up business against the threat of the 1949-type setback which most observers have been sensing since midsummer.

All the classic signs of a turndown have been visible. Steel and the non-ferrous metals are cheaper. Overtime has been fading. There have been more job separations and fewer hirings. The National Association of Purchasing Agents reports 75 per cent of its members—real experts because they are on the firing line—are buying hand-to-mouth. Forward orders are declining at the rate they did in 1948.

However, local retail sales continue to hold up. Money that doesn't go for durables is being spent, so far, for non-durable goods. Inventories, which rose all during 1948, are being trimmed. It is too early to say how this spending trend will hold; smaller pay envelopes deter spending. But there is never any sickness in this productive economy that can't be cured by enough sales at retail, so the trend is encouraging.

Is Candidate

On Tuesday, November 3, there is to be an important election, when the citizens of Cook county will have an opportunity to vote for judges of the circuit and superior courts.

For the first time in many years a woman is to be a candidate. She is Miss Fain Tucker and deserves active support.

Miss Tucker received her J. D. cum laude from the University of Chicago law school. She has had wide and varied practice in all courts and administrative agencies both State and Federal. She is the author of law text books, including "Guide to National Labor Relations Act," and has written extensively for legal journals and national magazines. She has made an extensive study of the problems of the neglected, dependent and delinquent child, and says candidly she would like to carry on the fine work started by Judge Bartelme.

I should like to urge that Miss Tucker's candidacy be given serious consideration. Opinions count only if they are expressed at the polls.

Defends Painters

In last week's issue of the Palatine Enterprise, one Patty McArdle devoted her entire column "Just Around the Corner" to a venomous but sadly misguided tirade against the very popular Number Painting Kits.

In the past, we have been amused by McArdle's misinformed rantings, but this one hits close to home. Hundreds of these kits have been painted by our customers, most of whom are delighted to have found a habby which is easy and pleasant to work at, and which helps them to relax and forget the troubles and cares of a busy day.

Others, through number painting, have experienced the awakening of hitherto unsuspected talents, and are well on their way to competence in the higher forms of artistic expression.

Many shut-ins, invalids and convalescents have used number painting to help the hours to pass quickly, thereby contributing to their well being and, in the case of convalescents, speeding up their full recovery.

From the intense public interest, it would seem the hobby of painting by numbers is here to stay. In addition to the picture kits, there are tile sets, metal baskets, trays and magazine racks, all of which can be handsomely decorated by the "paint-by-number" system.

If Patty McArdle will take the time to visit our art supply department, we will be glad to tell her all about it.

Thank You

We take this medium to thank the many friends, relatives and good neighbors in Arlington Heights and surrounding towns who sent us greetings on our Golden Anniversary.

Cards are still arriving from friends who read in the Herald of our 50th anniversary and we are happy to add them to our collection, no matter how late, for our "Memory Bouquet."

A heartfelt thank you all and be assured your names are indelibly inscribed on our list of true friends.

Please renew our subscription to the Arlington Heights Herald which we still enjoy. The news of our former friends and neighbors is welcome. We do like our home and Arcadia, California, but miss Arlington's "Good Neighbors," our friends and relatives of Bensenville and Wood Dale, too.

We'd also like to say that Myrt and Bill Hampe (former owners of the restaurant in Mount Prospect) have remodeled their restaurant in Temple City (5910 Rosemead blvd.) and promise to welcome any travelers from "home." We live just a few blocks from them in Arcadia.

No Bounce

The recent article about a soft drink truck strewing pop bottles and cases over curb, parkway, and sidewalk at Main and Lincoln no doubt had a humorous aspect to many readers.

However, to those of us who live on Route 83 in the village it is just another hazard with which we have to contend daily.

Fortunately none of our children was passing on the way to or from school nor playing in the immediate area. The next time we may not be so lucky.

★ ★ ★

THE NUMBER of trucks on Route 83 seems to be increasing daily in proportion to their disregard for the posted speed limits, and the constant pounding of the pavement has loosened sections of concrete which set up enough vibration to rattle the dishes in the cupboards.

On Sundays there is a respite from the monsters, due, we are told, to some Wisconsin law prohibiting trucks on the highways over the week end. Comparative quiet reigns until bed time when the parade of the diesels again begins and we are lulled to sleep by the roar of their exahusts as they thunder by, bumper to bumper.

★ ★ ★

THE LONG awaited re-routing of Route 83 will be a boon to the community when, as, and if it become a fact. In the meantime it seems a stricter enforcement of the speed laws would be a step in the right direction.

The Way

Oh, many roads lead to heaven
We've often heard folks say,
Yet Jesus is the truth and life
The only living way.

No man cometh to the Father
Christ saith, but by Me,
And as to all these false doctrines
That's Satan's strategy.

In His day there were Pharisee'
Striving to heaven's stair,
By working for their salvation
On sin's broad thoroughfare.

But so simple has God made it
Even a child can see —
It is faith and our petition,
Lord Jesus live in me!

Can You Tell Me?

About Painting Walls Below Grade?

My basement walls seem to show wet spots, indicating dampness. They also throw off a white powdery substance like lime or saltpeter. I am not certain these spots are dampness, it is just my own opinion. What could be done with these spots in order that they may be painted with oil paints? In some places the plaster has broken out in pretty good sized chunks.

The white powdery substance which you mentioned in your letter is efflorescence. This can be removed from brick or plaster by treating it with a solution of equal parts of hydrochloric acid and water. Allow it to remain on the surface with clear water and allow it to dry after which it can be painted. You are right about the dampness. It is dampness acting on alkali in plaster or brick or masonry that causes efflorescence. The only permanent cure for a situation like this is to have a water proofer dig down on the outside of the building and waterproof the basement walls from the outside. If this isn't done, you are quite likely to continue to have trouble with efflorescence.

Stopping Pickers Will Prevent Many Accidents

Illinois farmers in the midst of corn picking can get mighty good insurance against injury by following one simple rule: Stop the machine before adjusting or cleaning it.

That advice by Wendall Bowers, agricultural engineer at the University of Illinois college of agriculture, is backed by figures gathered over a four year period in a neighboring corn belt state. This study shows that more than 90 per cent of all corn harvest accidents are due to hurrying or using unsafe methods.

* * *

"NEARLY EVERY accident victim admits he knew he was taking a chance," Bowers says. "What he failed to realize until too late was the serious consequences of losing the gamble."

On corn pickers, husking and snapping rolls and stalk ejectors take the biggest toll of fingers and hands. Proper adjustment of these devices plays a big part in cleaner picking and safer operation. Sensible speeds (under 2 miles an hour) can also pay off in more corn saved, fewer steps for cleaning.

Bowers suggests that a ripping hammer or small hand axe is a big help in removing trash from snapping rolls. After cutting away the trash you can reach on top, the picker will usually clean itself.

Farmers Sight Colder Weather . . .
Wonder About Heating Watering Tank

AUTOMATIC WATERER . . . finds cattle and hogs sharing alike on this Iowa farm.

By IRA MILLER
Farm Electrification Bureau

It doesn't take a weather prophet to know when winter is approaching up north. The calendar will do. Even in some areas of the sunny south there may be occasional temperature let-downs ahead in the near future. Stock farmers know the signs well and begin pondering over the problem of "turning a little heat" on the drinking troughs.

There are several good stock tank heaters on the market, but the latest to appear answers many of the difficulties which a number of older models don't solve. This newest model is a "packaged unit" with electric heating elements built into the bottom of a heavy gauge sheet steel jacket. The inside of the tank is sprayed with moisture-proof sealing material to guard against heat loss.

A special bronze corrosion-proof float valve handles all degrees of water pressure. Plumbing in the unit is ready to operate at the time of installation. Connections must be made only to the water supply line and the electrical outlet. The thermostat can be set in the fall for the desired temperature and need not be turned off until spring. During warm months the unit functions as a regular automatic stock waterer, providing stock with all the water required to fatten satisfactorily or to maintain milk production levels.

For stock men who "run" hogs and steers together, the new unit offers a combination watering arrangement with the cattle trough at the top and one or two hog troughs at the bottom. The troughs are of heavy cast iron and each is served by a separate heating unit, ranging in size from 325 watts for hog troughs to 750 for the cattle trough.

The use of automatic waterers at several different locations on the farmstead—in or outside of buildings—is growing on stock and dairy farms. Unlike open stock tanks, waterers prevent stock from gorging on too much water and encourage them to drink smaller amounts at frequent intervals. Valves control the amount of water available and keep it clean. Less water, drunk often, is said to aid digestion and to help balance stock rations.

LAW on the FARM

The Landlord's Lien For Rent

Most states have a statutory landlord's lien giving the owner of land a claim against the crops of his tenant for the rent due. The Illinois legislature first provided for such a lien in 1845. The present law, enacted in 1873 and revised in 1926, reads as follows:

"Every landlord shall have a lien upon the crops grown or growing upon the demised premises for the rent thereof, whether the same is payable wholly or in part in money or specific articles of property or products of the premises, or labor, and also for the faithful performance of the terms of the lease. Such lien shall continue for the period of six months after the expiration of the term for which the premises are demised, and may be enforced by distraint as in this Act provided."

* * *

THIS LAW has been interpreted many times by the Illinois courts. The following statements are important to a proper understanding of the Act:

1. It applies only to crops grown during any one year for the rent for that year. Fall-seeded crops, such as winter wheat, are exceptions, the court having said that since they grow in two different years they are subject to the rent for those two years.

2. The lien applies only to crops grown on land for which the landlord is entitled to rent.

3. The lien applies only to crops and not to other property of the tenant.

* * *

4. **THE LIEN** is not against the tenant, but against the crops; consequently it attaches even though a sublessee of the renter may have grown the crops and even though the grain may have been sold to a third party. In this latter case, the third party (usually a grain dealer) is subject to the lien unless it can be shown that he had no reason to think the grain was grown on rented land. Most grain dealers and elevator operators try to protect themselves against the operation of the landlord's lien by keeping lists of landlords, making checks out jointly or stamping an indorsement clause on the check.

5. The landlord's lien is superior to chattel mortgages or other claims against crops.

6. This law may be found in the Illinois Revised Statutes, Chapter 80, section 31.

Holding Corn For Later Sale Usually Pays

What is the best time to sell corn? Here are some facts to help farmers answer these questions:

Heretofore November has usually brought the season's lowest prices. (In the future the low spot may come more often in October because of earlier completion dates for harvest).

From November through July, month-to-month price changes are upward more often than downward. Over a period of 44 years, 1908 through 1951, prices went up about 3 times as often as they went down.

NOVEMBER TO JANUARY. Price increases are usually moderate from November to January. Over the 44-year period, the average price of corn increased 6 to 10 cents a bushel in 11 different years. In 11 other years they rose from 11 to 25 cents, and in 9 years they went up more than 25 cents a bushel.

Over the 44-year period the price of corn went down from November to May in only 5 years. It declined more than 5 cents a bushel in only 2 of the 44 years.

NOVEMBER TO JULY. Corn prices in July usually show substantial increases over the averages for the previous November. In 11 out of 44 years, the July price was more than 25 cents a bushel over November. In 10 other years the increased ranged from 16 to 25 cents, and in 14 years they were from 6 to 15 cents.

The price decreased from November to July in only 6 out of 44 years. Decreases of less than a nickel occurred once, from a nickel to a dime twice, from a dime to 15 cents twice and over 25 cents once.

THESE FACTS show that substantial price increases have occurred frequently, and large price declines only rarely. However, holding corn after harvest time involves a considerable amount of expense that must be paid whether prices advance or decline.

The more important items of expenses are (1) interest, (2) storage space, (3) insurance, (4) taxes and (5) shrinkage.

Do you want more information about when to sell corn? You can get it from a circular published by the agricultural extension service of the University of Illinois at Urbana. Write and ask for Circular No. 711.

This circular was prepared by Professor L. J. Norton, chief of agricultural marketing. All material in this letter is based on information in the circular.

Record Cow

With 14,446 pounds of milk and 558 pounds of butterfat to her credit, Eldonon Grandmistress Felda, registered Holstein-Friesian cow owned by D. W. Johnson, A. L. Mickel and R. H. Chrisman, Bartlett, has completed a 365 day production test in official Herd Improvement Registry.

She was milked 2 times daily and was 3 years 2 months when she began her testing period. Her record averages approximately 18 quarts of milk daily for the period covered by her test.

Get Shelter Ready For Your Fall Pigs

Don't wait for the first freeze to get houses ready for your fall pigs.

H. G. Russell, extension livestock specialist at the University of Illinois College of Agriculture, says it isn't too early now to arrange shelter with bedding not only for your fall pigs but also for your spring gilts which are to be bred for next spring's litters.

Get your houses in place early and put in plenty of bedding so that the shelters will be ready for the cool nights that are due from October on.

Russell points out that plenty of clean, dry bedding and a raintight, well ventilated shelter may prevent some of the outbreaks of swine "flu" that occur regularly at this time of the year with warm days and cool nights.

On Farm TV Show

Today's farm buildings will be analyzed by two agricultural engineers on the "Farmtown, U.S.A." television program Saturday, October 31.

Using scale models and photographs, professors D. G. Carter and K. H. Hinchcliff of the University of Illinois college of agriculture will present the "inside story" of working buildings and farm homes.

Carter will compare costs of today's farm buildings with those of yesterday, and will demonstrate features of construction and design with models having removable roofs and partitions.

Hinchcliff will show a good example of what today's modern farm house should be, using a model designed by the University. This design stresses the practical side of farm living without sacrificing beauty.

At Illinois College

The dean's office of Illinois college has released the spring term honor roll. Among those receiving only A's and B's during the term, with not more than one C, include Ronald E. Ramstedt, Mtd. Route No. 2, a graduate of Palatine high school, the son of Mr. and Mrs. Evert C. Ramstedt.

At Illinois

Barbara Arnold, 302 Prospect Manor, Mount Prospect, and Joan Lundstrom, 106 Stratford Drive, Prospect Heights, have been honored at the University of Illinois by being named to membership in Shi-Ai, honorary society for outstanding sophomores in Greek letter sororities, who have excelled in student activities on the campus.

Two from each of the 25 sororities are selected. They are chosen on the basis of activity in campus affairs, scholarship, and all-around cooperation.

At Carleton

Mr. and Mrs. L. T. McAuliffe, 524 Banbury rd., and Mr. and Mrs. Andrew Sim, 531 S. Pine ave., all of Arlington Heights, were entertained by Richard McAuliffe and Patricia Sim, freshmen at Carleton college, at parents' day festivities on the campus Saturday, October 24.

More than 600 visitors from all over the country visited Carleton for the event. Highlight of the morning activties was the 11 a.m. convocation in Skinner Memorial Chapel at which President Laurence M. Gould was the principal speaker on the topic, "What We Expect of Your Sons and Daughters."

The McAuliffes and Sims were then guests of the college for luncheon.

At 1:30 p.m. the visitors attended the Carleton-Ripon football game in Laird stadium.

At Lawrence

Miss Joan Bernthal, 1610 Brown St., Mount Prospect, has been assigned the role of Signora Nenni for the forthcoming Lawrence college theatre production of "Right You Are (If You Think You Are)." The play by Luigi Pirandello will be given in the Lawrence college chapel November 12, 13, and 14.

Miss Bernthal, a sophomore, is a member of Alpha Delta Pi social sorority. She is an honor student and a member of Sigma (freshmen women's honorary). She is the daughter of Mr. and Mrs. V. O. Bernthal.

At Coe

Herbert William Gorder Jr., Arlington Heights, a freshman at Coe college, Cedar Rapids, Iowa, was recently pledged to Tau Kappa Epsilon, national social fraternity.

The son of Mr. and Mrs. Herbert W. Gorder Sr., he was graduated from Arlington Heights township high school last spring where he participated in football, basketball, baseball, cross-country and was a member of the "A" club.

At Northwestern

Herman Felber will conduct the Northwestern university symphony orchestra in the first concert of its season at 4 p.m. Sunday, Nov. 1, in Cahn auditorium, Sheridan rd. and Emerson st., Evanston.

The concert, open to the public without charge, will include Brahms' "Academic Festival Overture," Dvorak's "Symphony No. 5 in E minor," Borodin's "The Steppes of Central Asia," and Liszt's "Symphonic Poem No. 3, Les Preludes." Among those in the orchestra is Barbara Seablom, Rte. 83 and Wood st., Bensenville, who plays the percussion instruments.

Modern Etiquette

BY ROBERTA LEE

Q. Is it proper and permissible for a girl to ask a young man to call, when she has known him for some time?

A. This would naturally depend upon just how long she has known him. Usually, the best way for a girl to handle a situation of this kind is to invite the young man to dinner in her home.

Q. When you have been introduced to a person, and upon leaving, that person says, "I hope I shall see you again some time," what would be a nice response for you to make?

A. "Thank you. I hope I see you again, too."

Q. Should the dinner guest unfold the napkin entirely when placing it on the lap?

A. No; unfold it only halfway.

Q. Is it all right for the mother of the bride to give her away?

A. Yes, this is done in some cases. Under such circumstances, the bride walks down the aisle alone, and at the proper moment in the ceremony the mother steps forward and gives her away.

Q. Is it permissible for a dinner guest to ask for a second helping of some dish?

Q. Not unless eating with a relative or intimate friend. The hostess should see that her guests' wishes are fulfilled without the necessity of their asking.

Q. When is the proper time to hold a wedding rehearsal?

A. The day or the evening preceding the wedding day.

Q. When a woman, who is traveling alone, has been unable to secure a lower berth on a train, and some man offers to exchange with her, is it proper for her to accept?

A. Yes; and such a courtesy deserves sincere appreciation.

Q. Is it correct to use "Dear Sir" and "Dear Madam" in social correspondence?

A. No; these terms are used only in business correspondence.

Q. Is it ever permissible for the man to walk on the inside of the pavement when accompanying a woman?

A. Only if they are making their way through a rough, jostling crowd, and the man can protect the woman better by keeping on the inside.

Q. What should one do at the dinner table if one is asked a question just at the moment one is conveying a bite of food towards the mouth?

A. Most certainly don't put the food into the mouth and then attempt to answer the question. It is much better to return the fork to the plate, answer the question, and then resume eating.

Good Choice for Position as Judge

Never in the history of politics in the Chicago area has so much attention and so much hard work been given to the selection of good candidates for judge on the Republican ticket. The corruption in the courts over a period of years has been so bad that unless something is done about it the effects are going to be felt by everyone.

Great work has been done in getting the Republican party in all departments of government. Certainly the judicial department should be taken care of, and here is a big opportunity.

One of the outstanding candidates is Elmer Holmgren, a quiet, unassuming gentleman who has a fine reputation in general law practice, both civil and criminal. He was graduated from the Chicago Kent college of law with an L.L.B. degree. He was a member of the house of representatives, 55th general assembly. He was assistant state's attorney of Cook county, 1928 to 1932; a veteran of the first World War, and is a past commander of Englewood post No. 61; a member of the Bethlehem Evangelical Lutheran church and is a member of the executive council of the Augustana Lutheran synod.

Mr. Holmgren received the highest endorsement the Bar Association gives out: Well Qualified.

Film Festival on Again At Clark Theater

One of the greatest arrays of cinematic triumphs of the past twenty years will be presented during the Clark Theatre great films festival—the fourth of its kind—for fifteen days beginning Sunday, November 1, according to general manager Bruce Trinz of the Clark theatre.

Instituted two years ago to provide a forum for the better films of the past, the Clark film festival has met with such success that it has become a semi-annual presentation. The Clark, in downtown Chicago, is the only theatre in the country to present regular film festivals on a two-a-day concentrated basis.

In all, 30 great motion pictures, both from Hollywood and abroad, will be shown during the 15-day special run. All have appeared in Chicago before and each one has been a dramatic and critical success. Several have been revived many times during the years.

The Clark opens at 8 a.m. and a complete show can be seen as late as 4 a.m.

Incinerator Cost

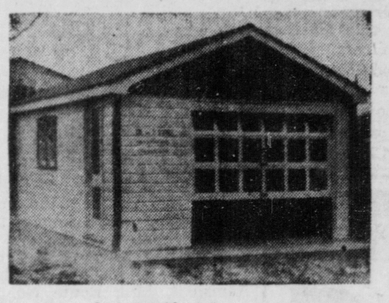

Operation of a home gas incinerator, which quickly and completely consumes 11 combustibles and garbage, is estimated at only about 40 cents a month in areas where gas is readily available.

At Orchestra Hall

Roberta Peters, 23 year old coloratura soprano of the Metropolitan opera company, will be soloist with Fritz Reiner and the Chicago Symphony Orchestra at the season's fourth pair of subscription concerts Thursday, Nov. 5, at 8:15 p.m. and Friday, Nov. 6, at 2:00 p.m. in Orchestra Hall.

Mr. Reiner and the orchestra will give the first performance at Symphony concerts of the Bartok-Weiner "Two Roumanian Dances" and Berlioz' "Trojan March." Weber's Overture to "Oberon" and the Symphony No. 4, in A Major ("Italian") by Mendelssohn are also included on the program.

The first of six programs on Series B of the Chicago symphony orchestra's young people's concerts will take place at Orchestra Hall Tuesday, Nov. 3, at 3:00 p.m. George Schick will conduct, George A. Kuyper will act as narrator, and the program of October 20 will be repeated. Eleven-year-old Justin Kolb from Hammond, Ind., will be the piano soloist.
